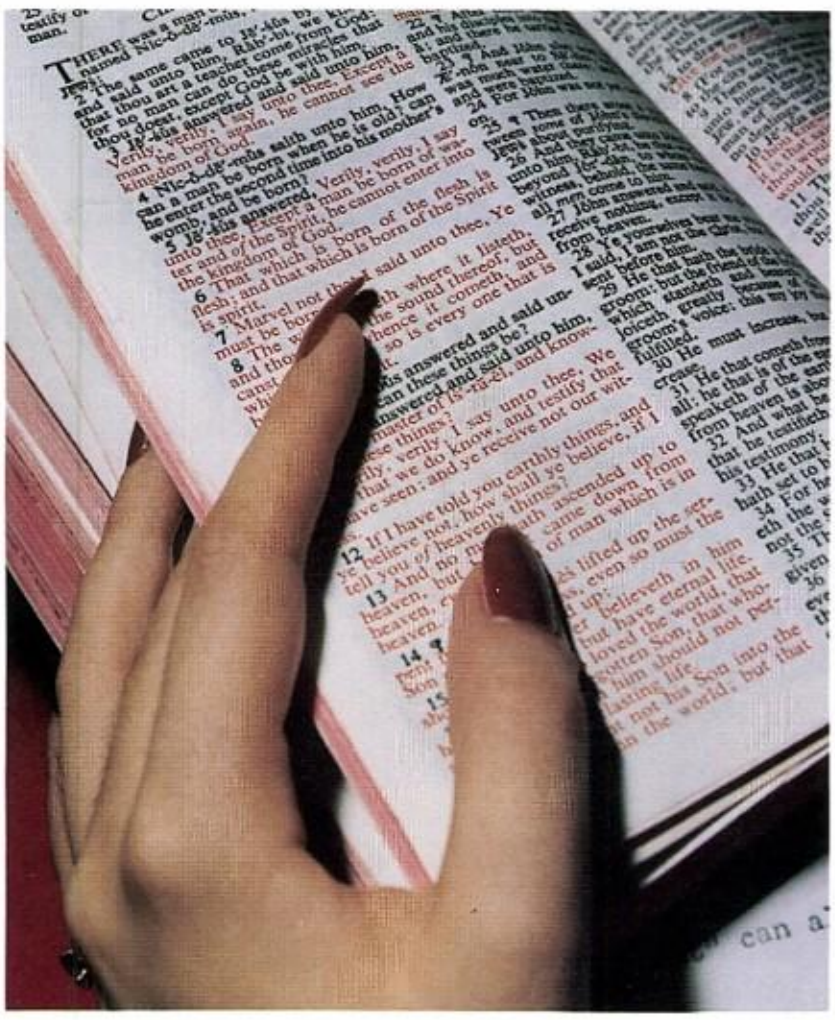
els in Memphis.

In addition to these academic characteristics, Harding has a strong athletic program. It was rated "Best of Preps" in the AA class. Also, Harding's drama department is exceptional and its band is top-rated. These assets are only a few of the many qualities that make Harding Academy a special school in which to attend.



THERE was a man
named Nic-o-de'-mus,
2 The same came to Je'sus by
Jesus
2 he said unto him, Rab'-bi, we know
and said unto him, How
that thou art a teacher come from God:
can these things be?
for no man can do these miracles that
master of is-ra-el, and know-
thou doest, except God be with him.
3 Je'sus answered and said unto him,
Verily, verily, I say unto thee, Except a
man be born again, he cannot see the
kingdom of God.
4 Nic-o-de'-mus saith unto him, How
can a man be born when he is old? can
he enter the second time into his mother's
womb, and be born?
5 Je'sus answered,
Verily, verily, I say
unto thee, Except a man be born of wa-
ter and of the Spirit, he cannot enter into
the kingdom of God.
6 That which is born of the flesh is
flesh; and that which is born of the Spirit
is spirit.
7 Marvel not that I said unto thee, Ye
must be born
8 The wind bloweth where it listeth,
and thou hearest the sound thereof, but
canst not tell whence it cometh, and
whither it goeth: so is every one that is
born of the Spirit.
9 Nicodemus answered and said unto him,
How can these things be?
10 Je'sus answered and said unto him,
Art thou a master of is-ra-el, and know-
est not these things?
11 Verily, verily, I say unto thee, We
speak that we do know, and testify that
we have seen; and ye receive not our wit-
ness.
12 If I have told you earthly things, and
ye believe not, how shall ye believe, if I
tell you of heavenly things?
13 And no man hath ascended up to
heaven, but he that came down from
heaven, even the Son of man which is in
heaven.
14 And as Moses lifted up the ser-
pent in the wilderness, even so must the
Son of man be lifted up:
15 That whosoever believeth in him
should not perish, but have eternal life.
16 For God so loved the world, that
he gave his only begotten Son, that who-
soever believeth in him should not per-
ish, but have everlasting life.
17 For God sent not his Son into the
world to condemn the world; but that
the world through him might be saved.
18 He that believeth on him is not
condemned: but he that believeth not is
condemned already, because he hath not
believed in the name of the only begotten
Son of God.
19 And this is the condemnation, that
light is come into the world, and men
loved darkness rather than light, because
their deeds were evil.
20 For every one that doeth evil hateth
the light, neither cometh to the light,
lest his deeds should be reproved.
21 But he that doeth truth cometh to
the light, that his deeds may be made
manifest, that they are wrought in God.
22 ¶ After these things came Je'sus and
his disciples into the land of Ju-de'a;
and there he tarried with them, and bap-
tized.
23 ¶ And John also was baptizing in
Ae'non near to Sa'lim, because there was
much water there: and they came, and
were baptized.
24 For John was not yet cast into
prison.
25 ¶ Then there arose a question be-
tween some of John's disciples and the
Jews about purifying.
26 And they came unto John, and said
unto him, Rab'bi, he that was with thee
beyond Jordan, to whom thou barest wit-
ness, behold, the same baptizeth, and
all men come to him.
27 John answered and said, A man can
receive nothing, except it be given him
from heaven.
28 Ye yourselves bear me witness, that
I said, I am not the Christ, but that I am
sent before him.
29 He that hath the bride is the bride-
groom: but the friend of the bridegroom,
which standeth and heareth him, rejoi-
ceth greatly because of the bridegroom's voice: this my joy therefore is
fulfilled.
30 He must increase, but I must de-
crease.
31 ¶ He that cometh from above is
above all: he that is of the earth is earthly,
and speaketh of the earth: he that cometh
from heaven is above all.
32 And what he hath seen and heard,
that he testifieth; and no man receiveth
his testimony.
33 He that hath received his testimony
hath set to his seal that God is true.
34 For he whom God hath sent speak-
eth the words of God: for God giveth not
the Spirit by measure unto him.
35 The Father loveth the Son, and hath
given all things into his hand.
36 He that believeth on the Son hath
everlasting life: and he that believeth not
the Son shall not see life; but the wrath
of God abideth on him.

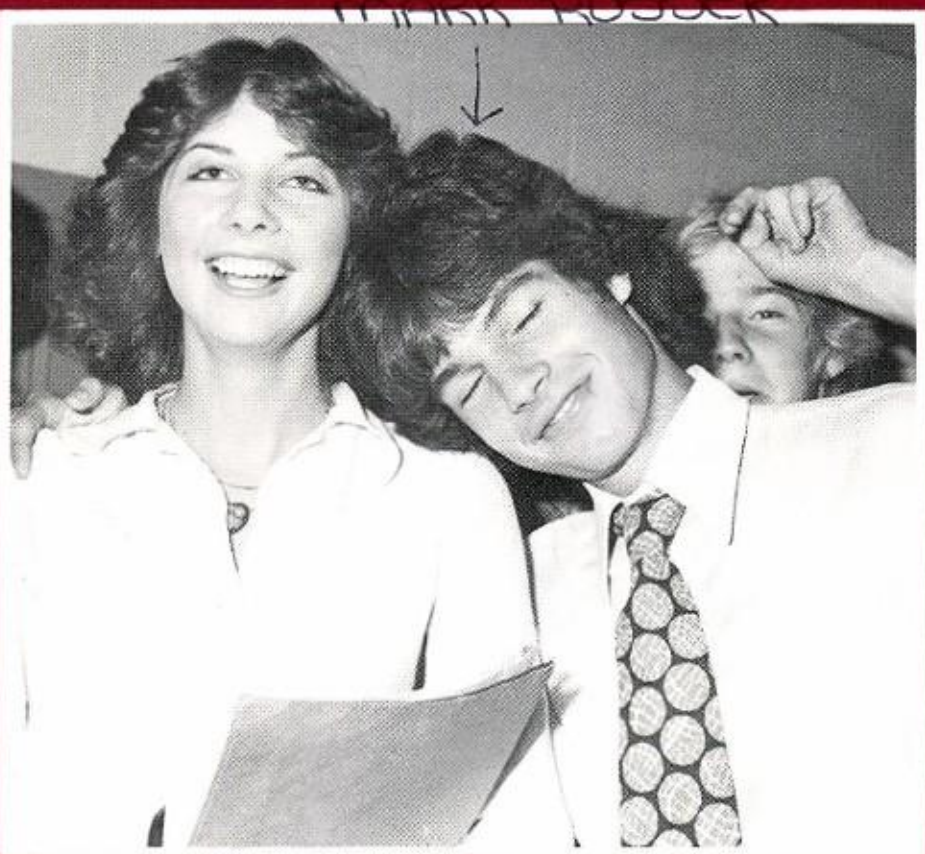
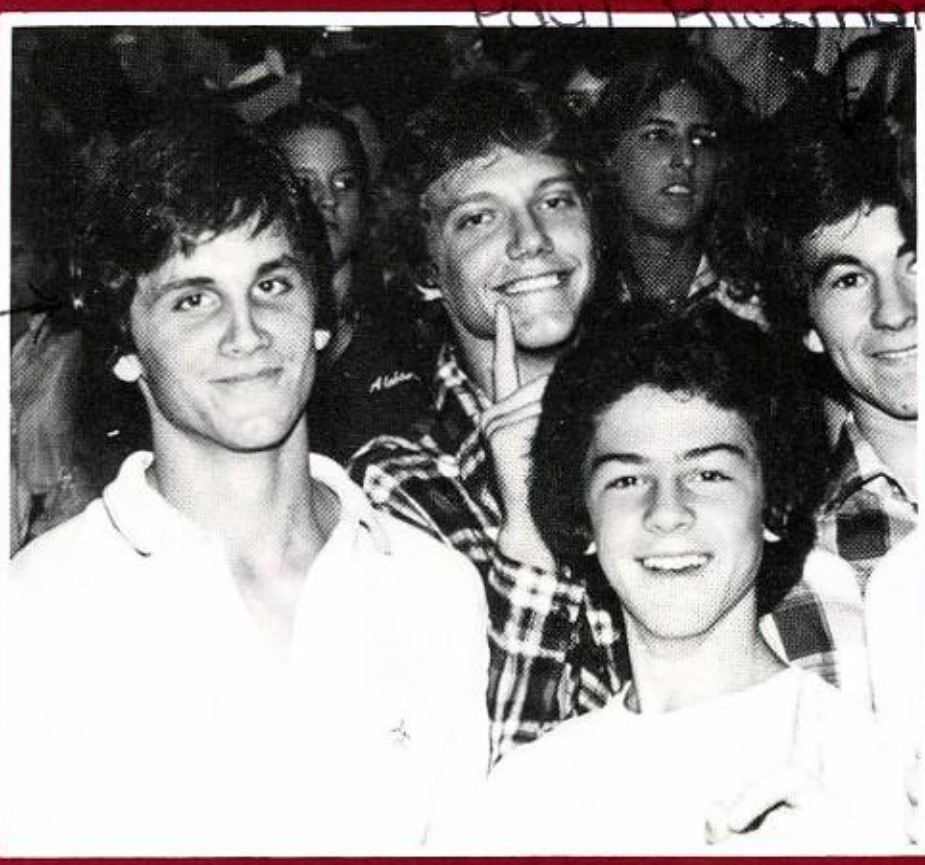
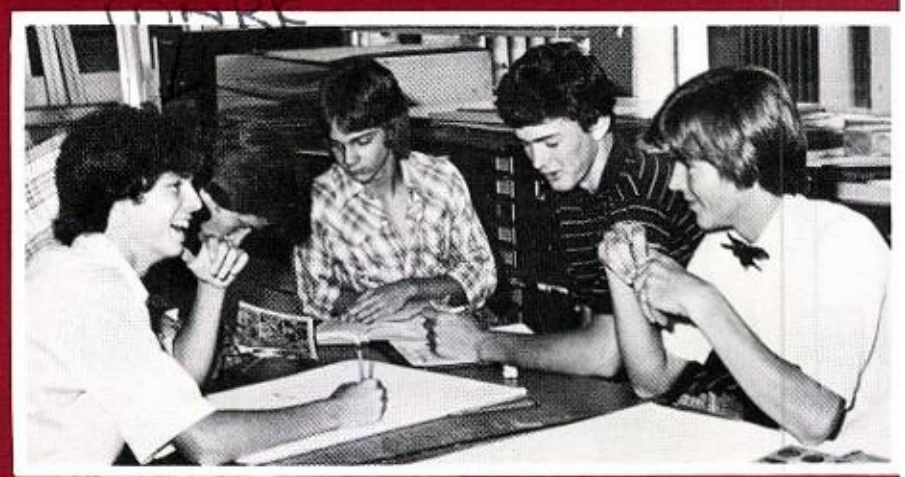
People

People make Harding special. Each person contributes his part to establish a unified group. Varied interests and diverse backgrounds are represented among students at Harding. This diversity creates a stronger school as a whole.

Take a closer look at . . .

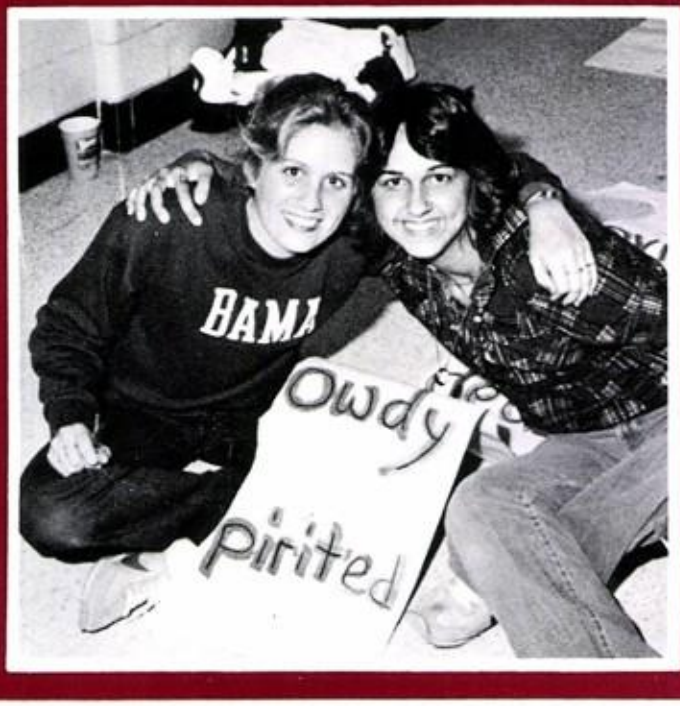






Students at Harding have the chance to develop their individual abilities. A wealth of talent is represented at Harding Academy. In drama, music, sports, and in many other areas, students have excelled in city, state, national, and international competition.

In addition to the need for achievement, everyone has a deep need for friendship. At Harding there are many opportunities to form close, lasting relationships. Through various extra-curricular activities, students grow closer together.



Activities

There is always something interesting to do at Harding. Club activities are a very important part of school life for many students. Along with club involvement, students may enjoy participating in band, chorus, drama

productions, and forensic tournaments. There are also many activities that take place off campus, such as Biology Club field trips, FBLA car washes, service projects, and Civinette hay rides. Some students have the opportunity to travel to New York, California, Washington, D.C., or Europe. These various activities make school much more pleasant.

Academics

Harding Academy is second to none in producing well prepared, college-bound students. The academic program is varied to equip every student with a well-rounded education. Senior high students have a

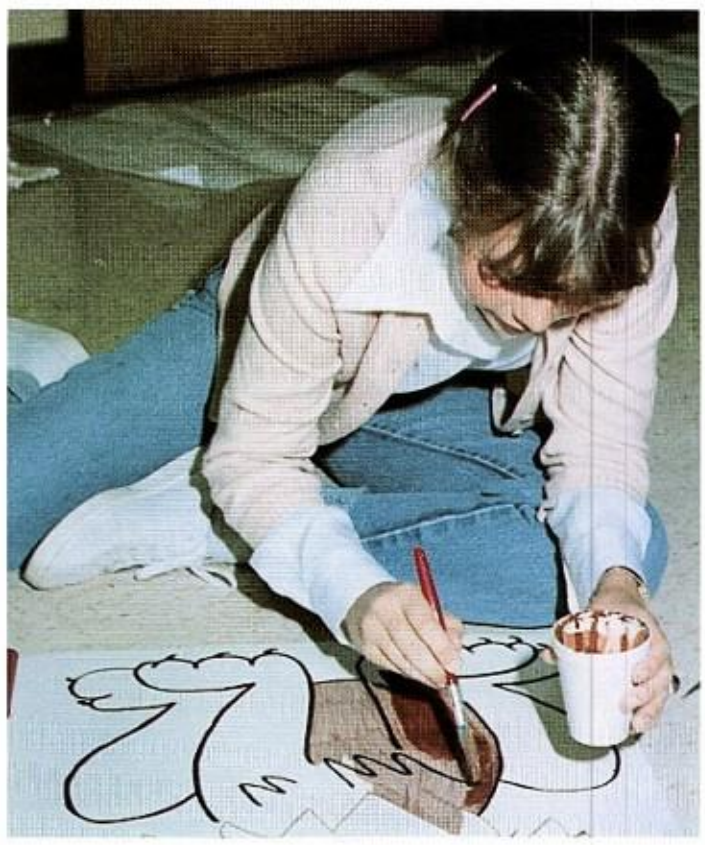
choice of thirty-five electives and over twenty-five extra-curricular organizations.

This year's senior class had an ACT average of 21.2. Because of the excellent background that Harding offers, most students have done as well or better in college than they did in high school. A well-balanced individual with an outstanding academic background characterizes a graduate of Harding Academy.

Homecoming

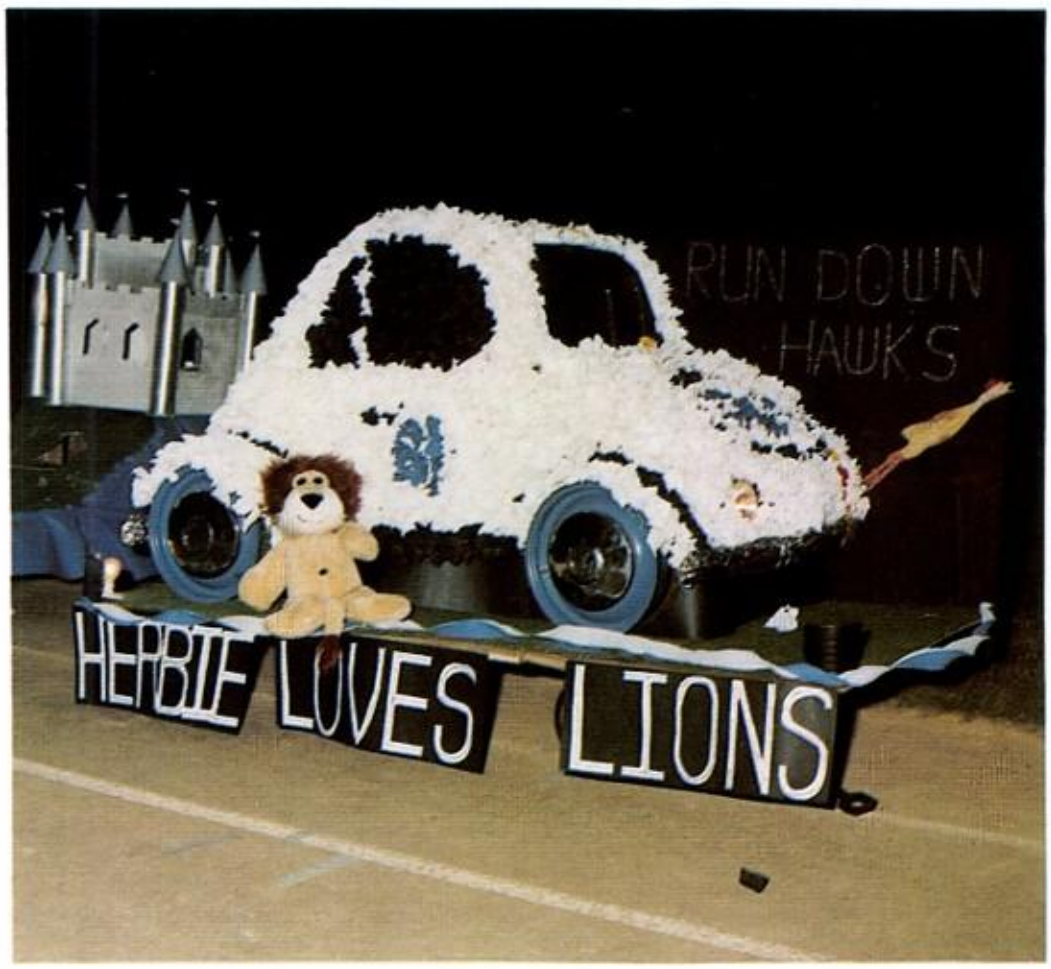
This year's Homecoming was more enthusiastic than any other homecoming. Its theme was "The Wonderful World of Disney." Events such as a slave sale, dress up days, class competition, the Homecoming pep rally and a thrilling football game filled the week with excitement and glory.

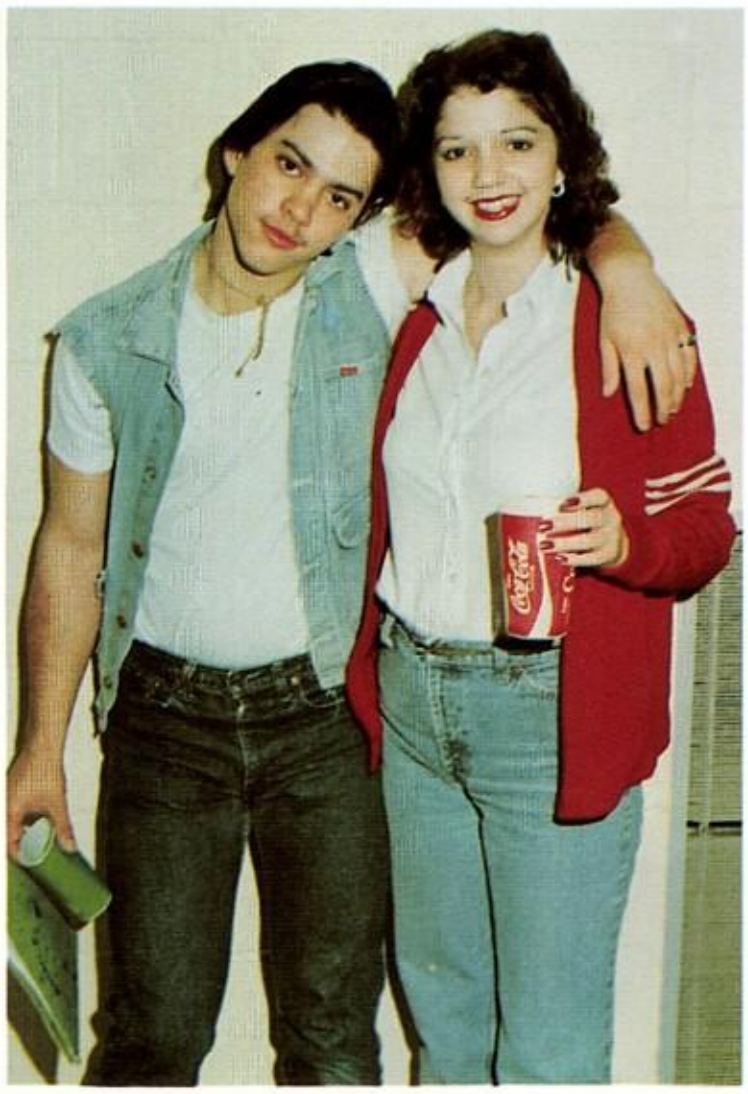
Take a closer look at . . .



Much hard work went into the decorating of the halls and floats and the writing and practicing of the skits. The halls were vividly decorated with Mickey Mouse and the whole Disney Gang. The floats and skits showed talent and originality.

But the most important aspect of Homecoming week was the unity of all of the classes as a whole. A special closeness could be felt among the students. All classes worked together to make Homecoming 1979 a memorable event.





Sports

Harding's athletic program has strong leadership and dedicated participants. Long practices and a strong determination of the athletes help produce winning teams. In the past, Harding athletes have gained local and state recognition for their many accomplishments. The varsity volleyball team has been state runner-up for the past two years; the

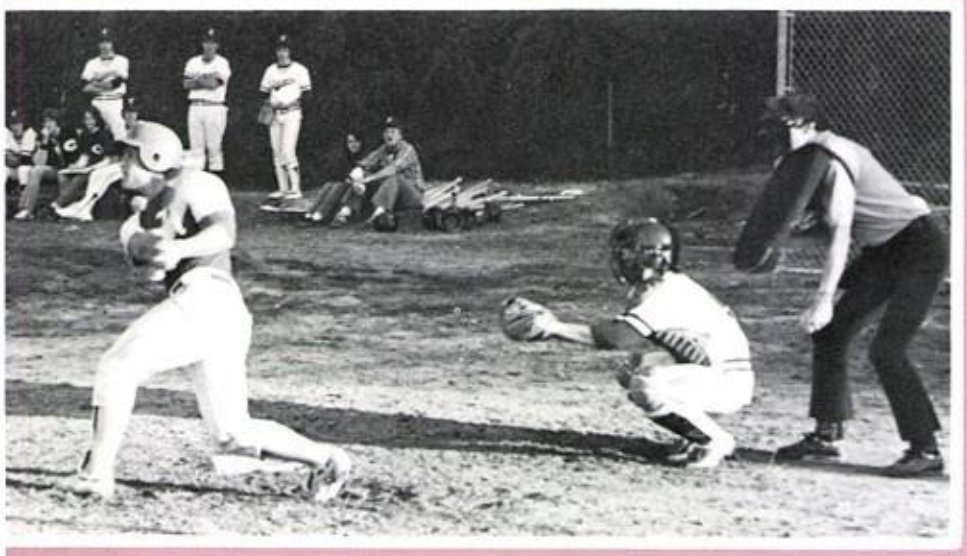
cross country team has been first in the state; the golf team has captured district championships for the past several years; and the tennis teams have consistently gained the conference crown. These accomplishments along with many others boosted Harding to the "Best of the Preps" in their class.

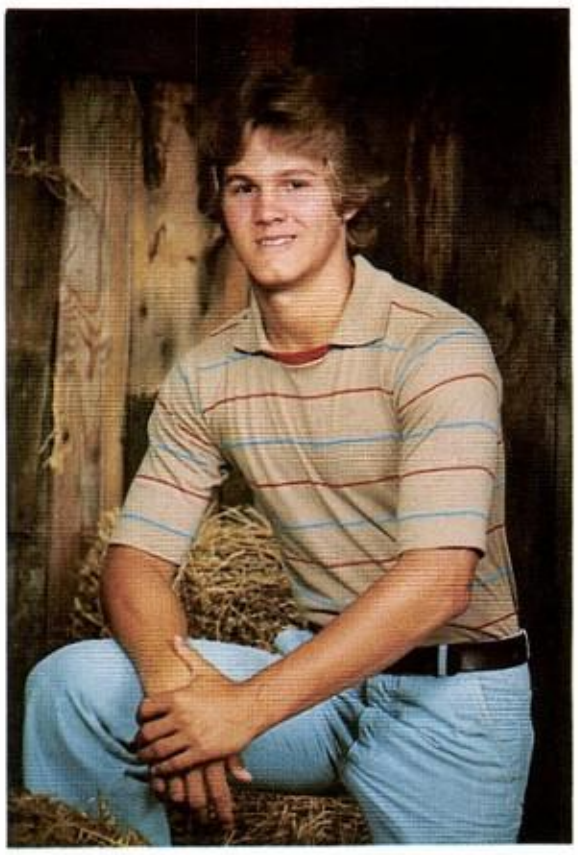
The athletic department emphasizes not only the winning of trophies, but also the building of character. The athletes learn to cope with pressure and to work in competitive situations. Harding can be proud of its established winning tradition.

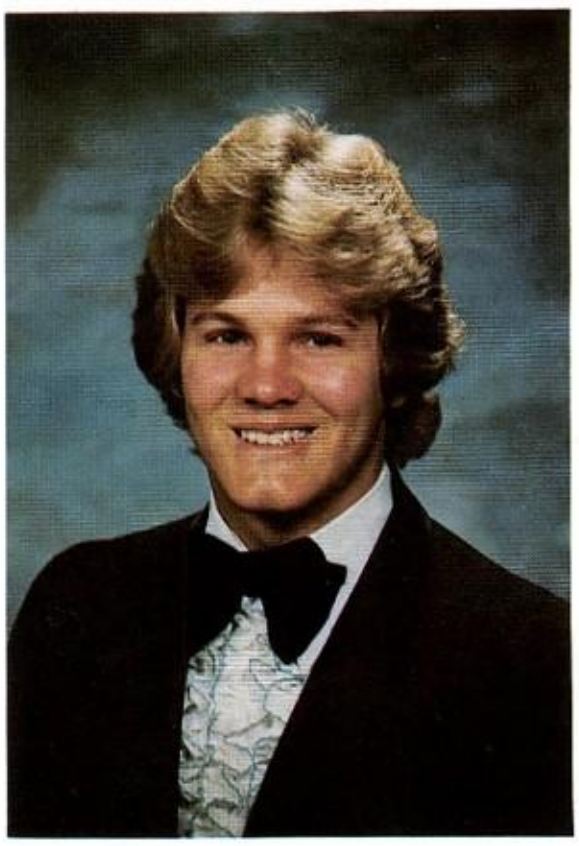


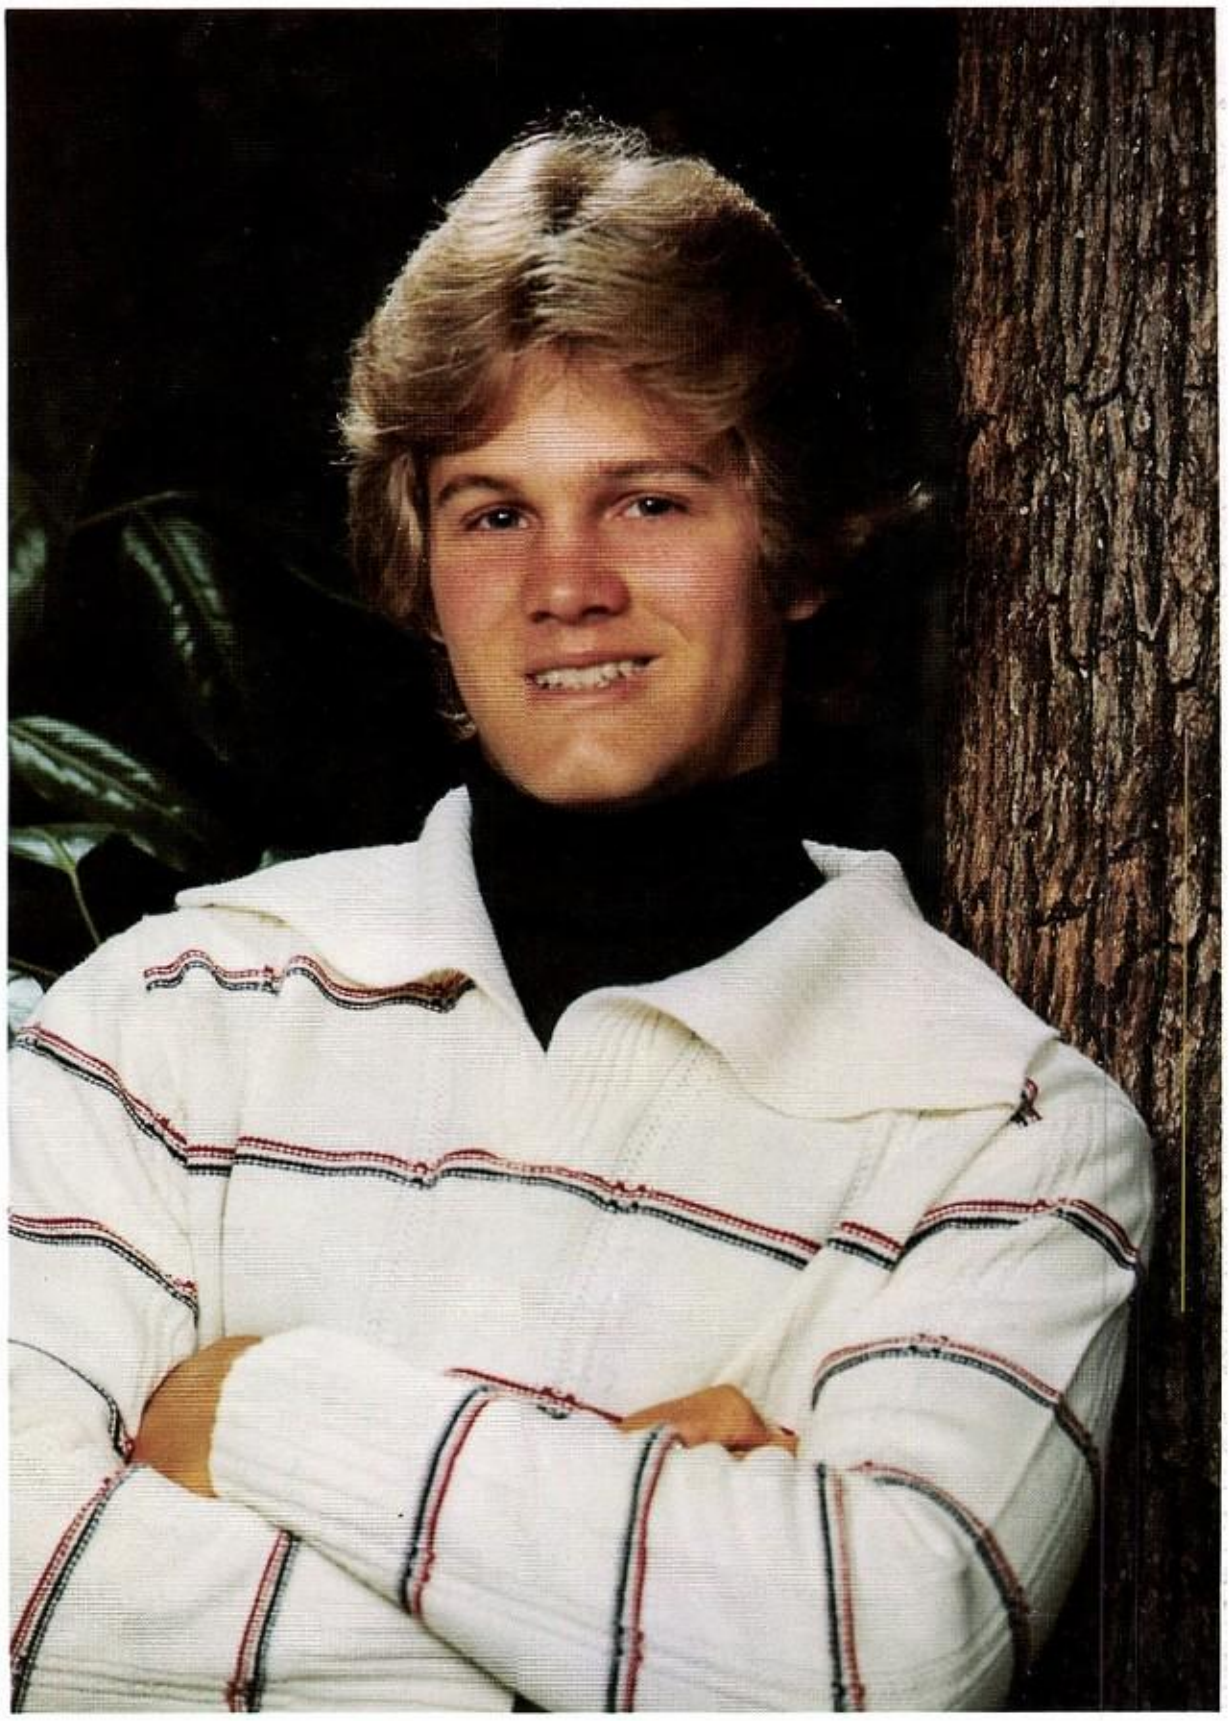
Personalities

Take a closer look at . . .

This year the student body elected ***Robbie Davis*** and ***Janice Gatlin*** as ***Mr. and Miss Harding.*** Robbie Davis is an outstanding individual and has the admiration and respect of all who know him. Robbie has excelled in football and track during his three years at Harding. This year Robbie also served as Stu-







dent Council Vice-president and a big brother of FSIC.

Janice Gatlin, Miss Harding, has always been active in many areas. During her six years at Harding, Janice has demonstrated leadership as well as service to others. She has been a cheerleader for six years and was captain of the varsity squad this year. In the past, Janice has been elected class favorite, class officer, Homecoming representative, Queen of Hearts, and Student Council representative. She has also been a member of the German Club, ***Lion*** Staff, chorus, and the track team.

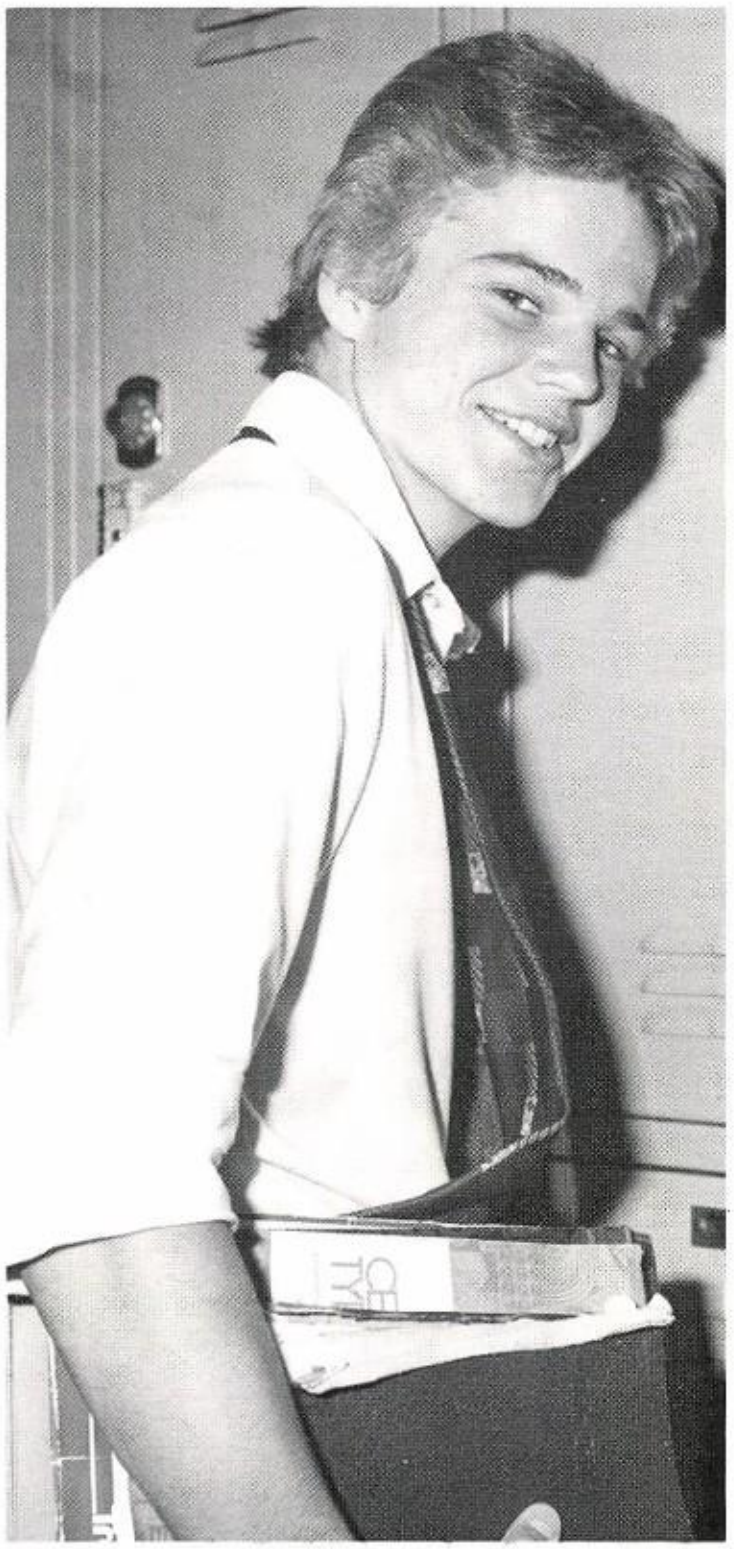
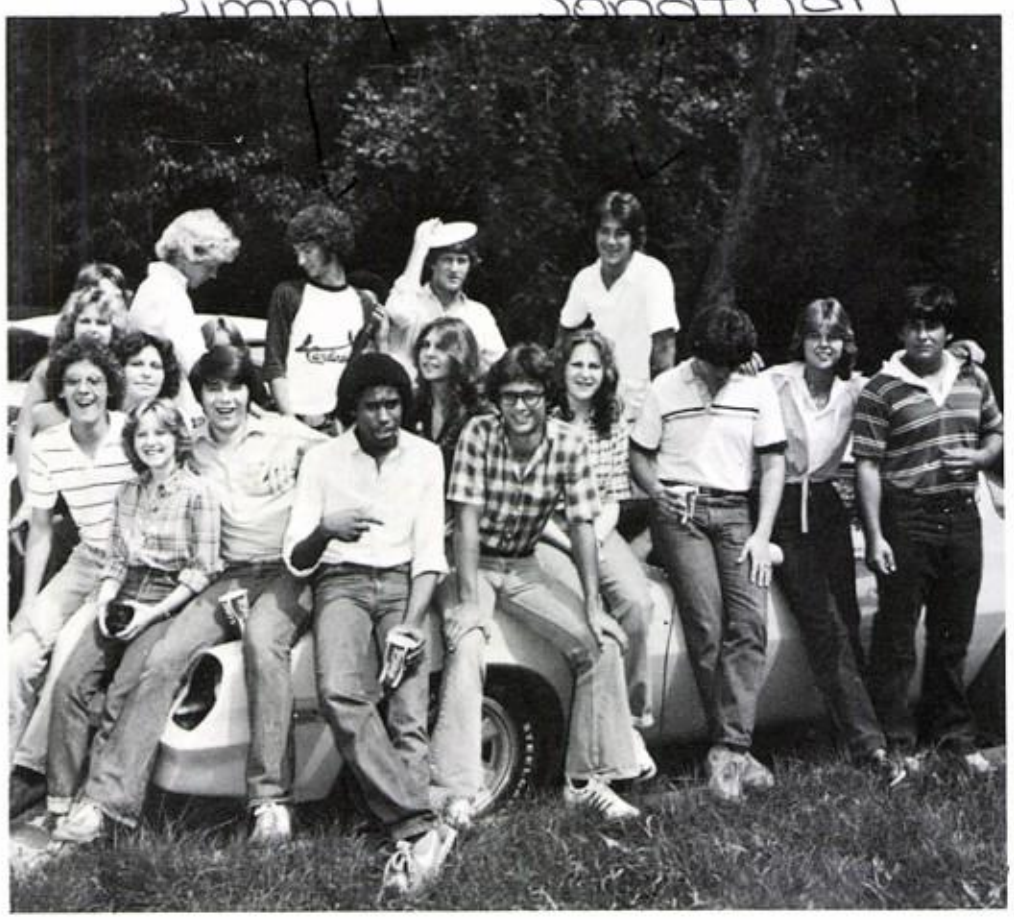
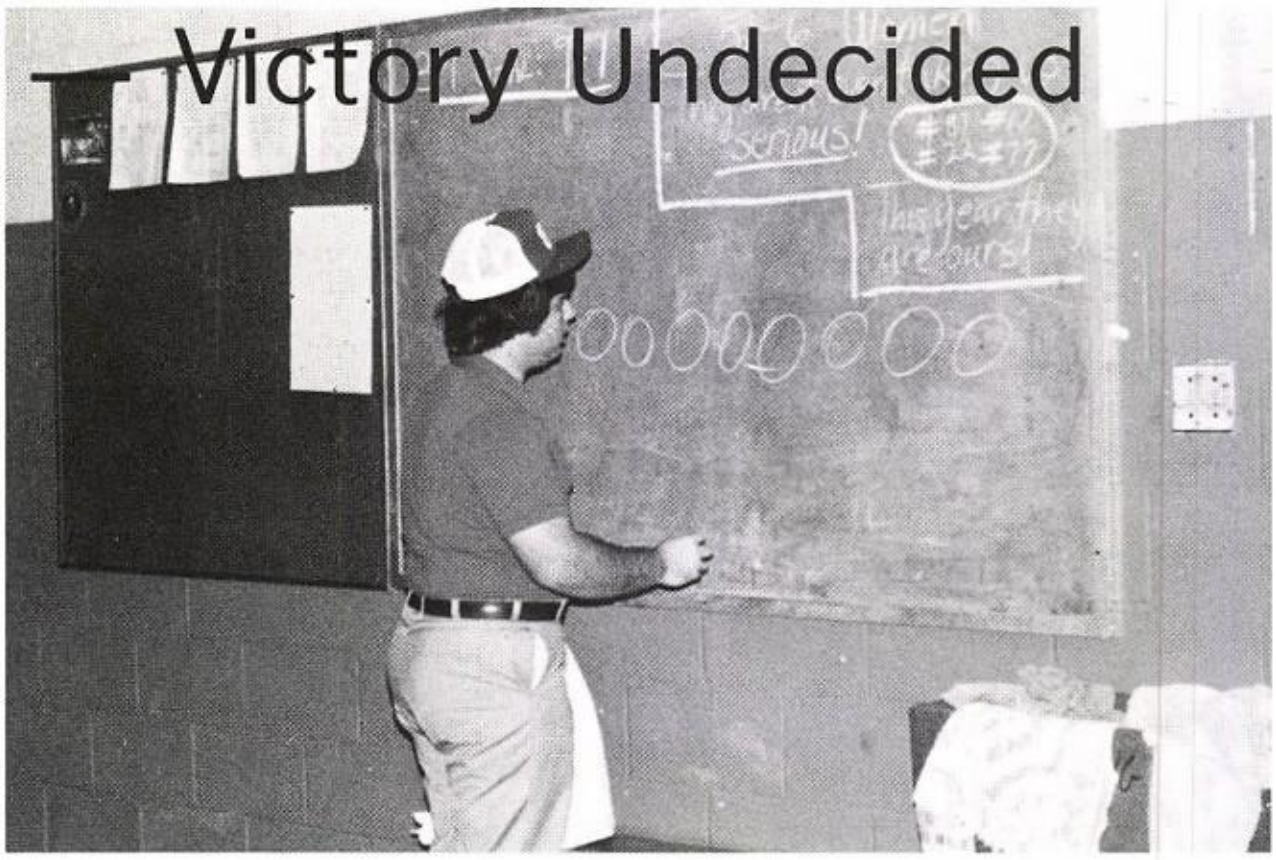
STUDENT LIFE

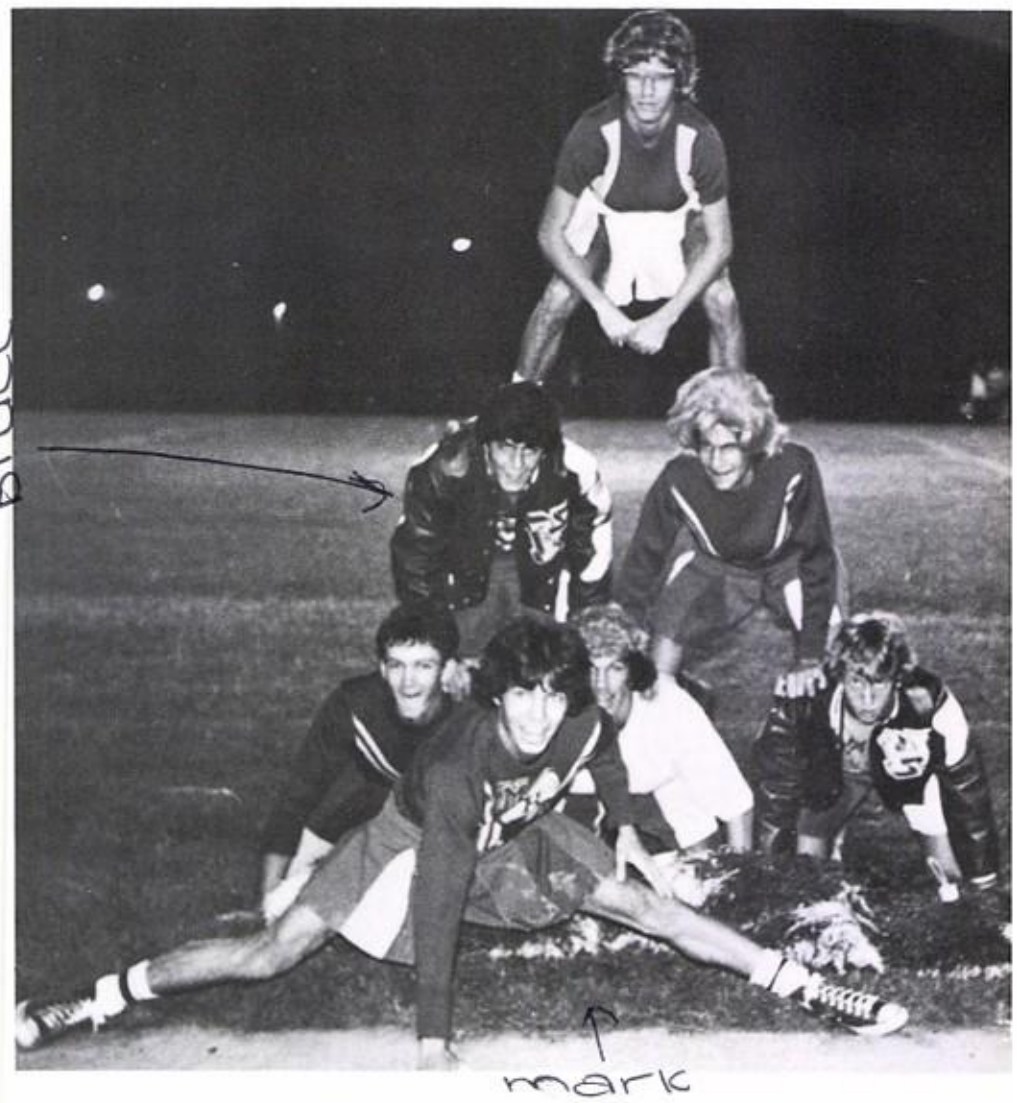




Powderpuff '79

Each year the Powderpuff football game is sponsored by the Student Council in order to raise money for student projects throughout the year. This year the game stimulated fierce competition between the juniors and the seniors. Both grades were represented by many spirited girls. Before completion the game was called off because of excessive roughness. When the game was called off, the Seniors were ahead, but the winning team was officially left undecided.





1. Pressed for time Chris rapidly reviews the Senior plays. 2. Seniors work diligently to organize a good offense. 3. Juniors show their spirit of unity.

1. The Seniors and Juniors get ready for the battle of the ball. 2. Seniors are listening to a pep talk prior to the game. 3. The sexy Senior cheerleaders show their outstanding gymnastic ability by making a pyramid. 4. Seniors portray their expertise during practice.

Students Renew Friendships At Picnic

This year at Harding Academy seems to have been a year for firsts. One of the many firsts was the all-school picnic on Friday, August 21. The junior high students had a picnic and played games on the campus while the high school students went to Audobon Park. Some of the high points were a student-faculty baseball game for the junior high with Dr. Bowie joining in, a water balloon race for the junior high, a frisbee-football game, and a baseball game for the high school students. The senior class sold canned drinks during the picnic. Because the picnic was such a success, several other days such as this are likely to follow.

Homecoming '79 - A Trip To Disneylanc

M-I-C-K-E-Y M-O-U-S-E was heard echoing through the halls of Harding Academy the week of October 8. One of the highlights of the year, the Homecoming game, took place on Friday, October 12. The theme of this year's Homecoming was "The Wonderful World of Disney." This theme was widely displayed in the halls, floats, skits, and costumes. The different dress-up days were Western Day, Forties and Fifties Day, and Disney Character Day. Individual spirit sticks were awarded at the pep rally and the band played the Mickey Mouse Club theme song. To climax the week, the Lions roared to a victory over Skyview. Homecoming week was a huge success.

You're A Good Man, Charlie Brown

The faculty staged the production ***You're A Good Man Charlie Brown*** to get the school year started with a bang. The play ran from August 30 through September 1. The main character, Charlie Brown, was played by Michael Semore. Barry Lumpkin appeared as Schroeder and Diane Poe played the part of Peppermint Patti. Gary Holloway portrayed Linus while Deb Holloway, as Lucy, kept the audience laughing. Billy Pullen, as Snoopy, completed the cast. The teachers displayed a great deal of talent in this fine production.

Oliver!

The drama department produced the musical ***OLIVER*** in the 0.0. Emmons Auditorium on November 29, November 30, and December 1. ***OLIVER,*** a two-act play, is based on ***OLIVER TWIST,*** written by Charles Dickens. The play was directed by Deb Holloway with Jim Chester as the music director. The orchestra was conducted by Barry Lumpkin. Ken Cox was the technical advisor and the scenic artist was Reed Oliver. The cast and orchestra practiced many hard hours for the play which was very well attended.

Count Dracula Lives At MHA

The spring play produced by the drama department this year was ***Count Dracula.*** It was presented on March 6, 7, and 8 at the O. O. Emmons Auditorium. ***Count Dracula*** by Ted Tiller is a mystery-comedy adaptation of Bram Stoker's gothic and immortal classic. This was the first play in which many special effects were used. Mrs. Deb Rogers Holloway directed the play and Michelle Olree assisted her. The cast practiced many hard hours to make the play a success.

TIME OUT!

Stop school work? Take a break? Everyone needs to take ***time out*** of his regular schedule at school to cut up. Students and teachers alike have days when they goof off. Some of the things that are done are making faces, playing with computer cars, and playing nurse. Everyone has broken down and been crazy sometime this year.

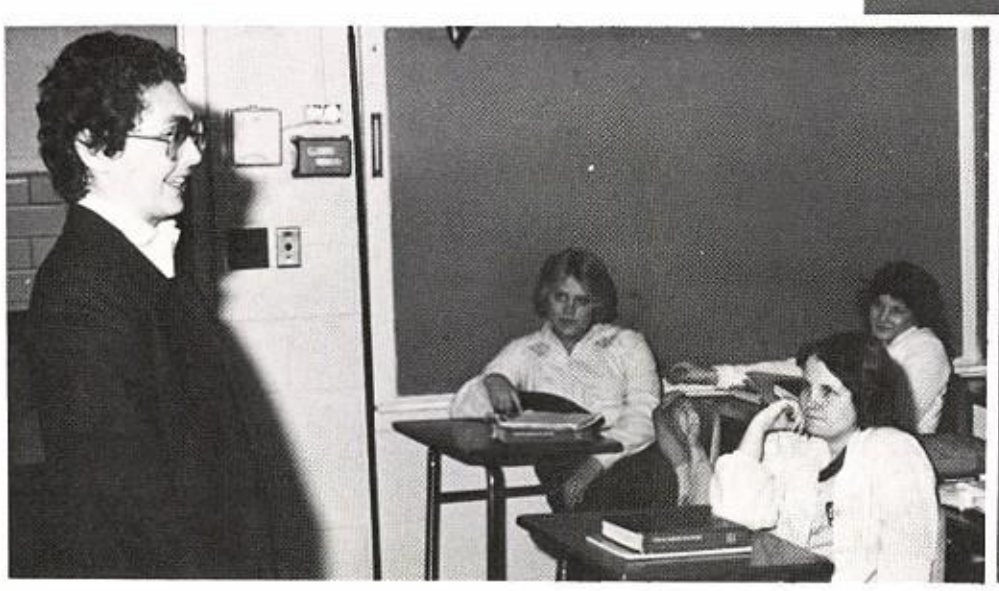
Shield Salutes

Ike Hall

Mr. Isaiah Hall, who teaches seventh grade geography and Bible, has been at Harding for fourteen years. During these years, he has proved to be a true friend as well as a wonderful teacher. Because of his cheerful attitude, Mr. Hall can often be found laughing and joking with a group of his students. Because of his great influence on the lives of his students, Mr. Hall was chosen as 1979 Teacher of the Year.

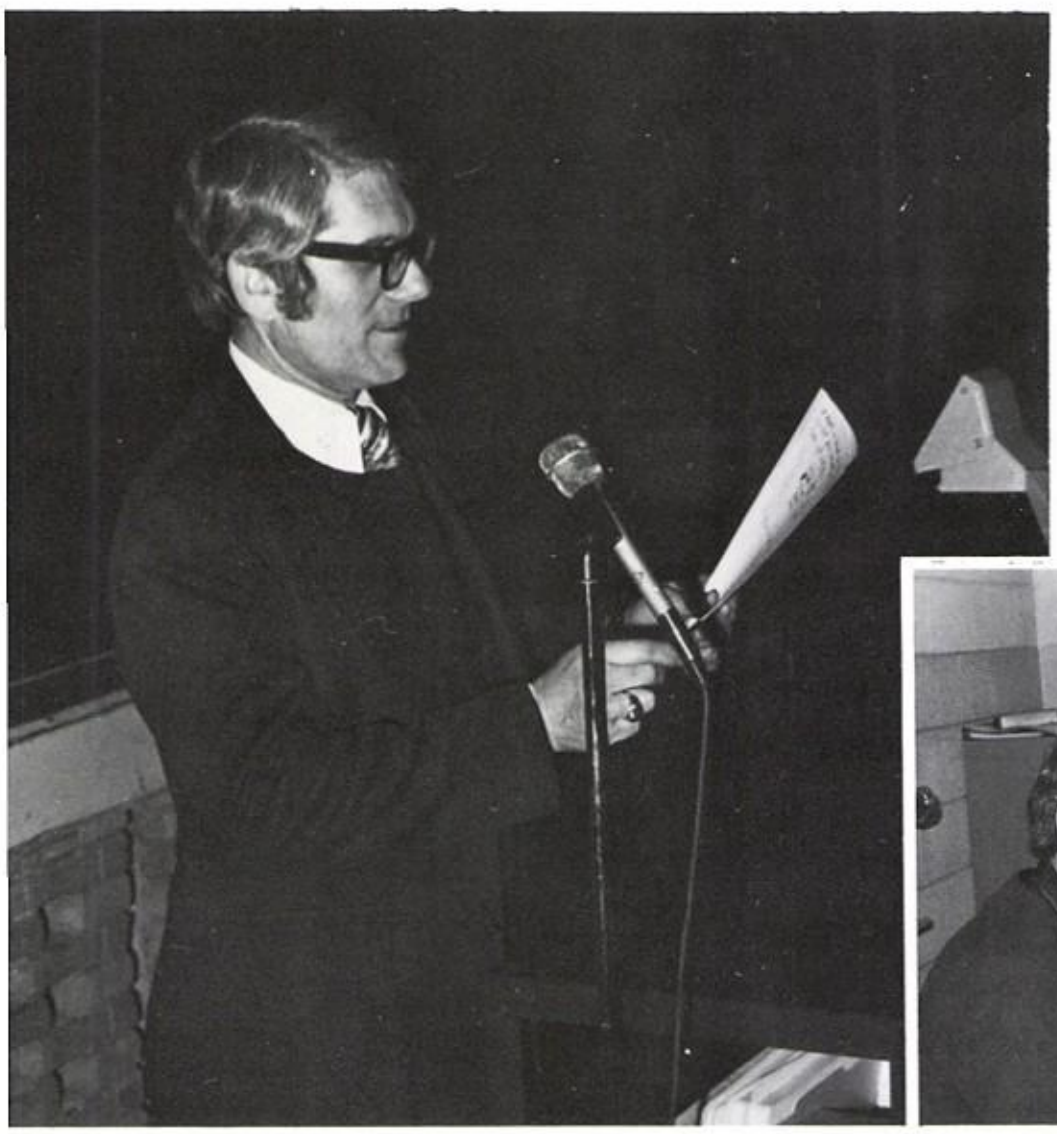
Becky Cunningham

Becky Cunningham, director of activities, teaches American history and government and serves as Lionette sponsor. Her competence in the classroom and her ability to relate to student problems resulted in her being named 1978 Teacher of the Year. Her willingness to help in any possible way and her sincere warmth make her a friend to all. Because of her kindness, understanding, thoughtfulness, and school spirit, the ***Shield*** salutes Mrs. Cunningham.



Sylvia Bond

Having taught at Harding for nine years, Sylvia Bond has helped prepare many students for college English classes. Because she believes that a strong background in both language usage and literature is important, she works hard to motivate her students. Well-prepared lessons, interesting classes, and an atmosphere conducive to learning characterize her classroom. In addition to her teaching duties, Mrs. Bond serves as Homecoming coordinator and Junior sponsor.



Leon Sanderson

Leon Sanderson and Harding Academy have had a long association. Having served as chorus director in past years, he now teaches three Bible classes and conducts the senior high chapel. Because of his friendly smile and pleasing personality, Mr. Sanderson has become a campus favorite. As a teacher he is very concerned about his students' spiritual growth and spends a great deal of his time helping them understand Christian principles.

Football

Lions Have 8-2 Season

The 79-80 football team got off to an excellent start by defeating Ridgeway 26-7. The next two weeks they didn't play as well but came out victorious over Trezevant and Frayser Baptist. MUS broke their winning streak at three by the score of 29-12. Not only was the team defeated but a rash of injuries hit the team and continued throughout the season. The next week they were defeated by Memphis Prep 21-0.

The team was not very big, but they were very determined. Although they had many injuries, others stepped in and did a very good job. The boys worked hard, played as a unit, and were very well coached. The success of the 79-80 team was created by a determined group of young men who never quit regardless of the circumstances.

Harding received its first bowl invitation when the Lions were invited to play in the Pinson-Ruritan Bowl at Jackson, Tennessee, against Haywood High School. The Tomcats of Haywood High were rated as one of the top ten high school football teams in the state of Tennessee.

Although the Lions were outweighed, they never gave up as they scored on the last play of the game. David Bourland was awarded the Sportsmanship Trophy. Greg Poston was given the Best Offensive Trophy and the Best Defensive Trophy, and Robbie Davis was awarded a trophy for "Best Luck" of the game.

Freshmen Lions Roar To Victory

The 1979-80 Harding Freshmen football season started off on a bad note with a 12-0 loss to MUS. MUS won the football game on big plays, but Harding played a very fine football game and proved that they could play football against even the toughest teams. The next six games proved to be an inspiration to the Harding Academy players. The Lions won six games in a row to become second only to MUS in the SAC-7 Championship. Harding proved to have a potent offense that scored 124 points in seven games or about eighteen points per game. Harding also had an excellent defense that only allowed forty-six points in seven games. Overall the season was very successful and was one to be remembered for years to come.

Harriers Run To State

Capping another banner season, Harding's harriers finished in the top ten in Tennessee for the sixth consecutive year. After a slow start including dual meet losses to Bishop Byrne and MUS and an invitational loss to CBHS the Lions came back to successfully defend their Shelby Athletic Conference championship (second year) and their Region six championship (third year). Placing two runners on the All State Team, Harding ran to an eighth place finish in the 1979 TSSAA State Meet. The varsity team defeated 83 of 98 teams while the J.V. finished 22-21.

Girls Look To Future In Cross Countr

This year the Girls' Cross Country Team made great progress toward meeting some goals for which they have long awaited. Many goals were met, both team and individual. Phyllis McFall and Jackie Davis were all-conference runners. Jackie holds the school record at 12:47. The cross country team finished their season with a 5-2 dual meet record and the overall team record was 22-16. They feel that they have set a foundation on which to build a strong team in the future.

Volleyball

Varsity Team Wins Championship For Second Year

This year's volleyball team held on to the SAC-7 Conference title again for the second year in a row. The team was led by seniors Judy Hicks, captain, Glynnis Anderson-Smith, and Melanie Clay. Each of these girls held vital roles in moving the team toward a memorable and successful season. Seven sophomores moved up to the varsity team and were very good athletes. With the leadership of juniors Lisa Fienup, Rochelle Massey, Robin Schwartz, and Lillian Wesson to guide them, the team is sure to do as well next year. This year, Glynnis Anderson-Smith, Melanie Clay, and Lisa Fienup made the All-District Team; Glynnis Anderson-Smith, Judy Hicks, and Lisa Fienup made the All-Conference Team; and Glynnis Anderson-Smith made the All-Regional Team.

Girls' Volleyball Teams Go To District

The freshmen girls' volleyball team played very well this year. They completed the season with a record of ten wins and seven losses. The girls advanced to the District Tournament. In the tournament, they played Immaculate Conception and defeated them by a score of two games to none. The girls then played against Bishop Byrne. In this game, the Lions were beaten two games to none. The girls played hard against a tough opponent and gave the game their best shot.

The junior high girls' volleyball team, made up of girls in the seventh and eighth grades, also played very well during their season. They finished the season with a record of seven wins and three losses. The girls practiced hard and really played to win. Harding should be very proud of its outstanding girls' teams.

Sheppard And Smith Advance To State

The wrestling team came on very strong this year to finish in a two-way tie for second place with Memphis Prep in both the Conference and District Tournaments. Eight wrestlers advanced to the regionals at Bishop Byrne. The state tournament was held at Glencliff High School in Nashville, February 15-16. Mike Smith and Lonnie Sheppard both advanced to the State this year. Lonnie has a 31-1 record, and has won the Conference Championship in his weight class four years in a row. Basketball

Lions Have Winning Season

This year's basketball team got off to a slow start because of injuries early in the season. Later, however, they had a great comeback. They placed fourth in the David Lipscomb Tournament and reached the semi-finals in the Memphis Holiday Classic. One highlight of the year has been the ability of Jim Benton to go from basketball manager his sophomore year to one of Harding's leading rebounders during his senior year. Philip Wade was one of Harding's outstanding shooters while Robert Gillespie sparked the team with his great leaping and shooting ability. Jim Donnell with his all-around playing ability and Robby Betts with his ball handling ability rounded out the team. The Lions had a tremendous season and appreciated the interest of the fans.

Varsity Experiences a Rebuilding Year

Growth — that has been the key word for this year's girls' basketball team. With the loss of seven seniors last year and the change from six to five member teams, it has been a year of tremendous learning and teaching for the girls of this year's team and Coach Karen Ijams. As the season progressed, weekly improvements were seen in the abilities of team members. Knee injuries to starter Angie Bodiford and senior Donna Huffman were also setbacks to progress. In spite of a disappointing record, the team displayed much improvement toward the end of the season.

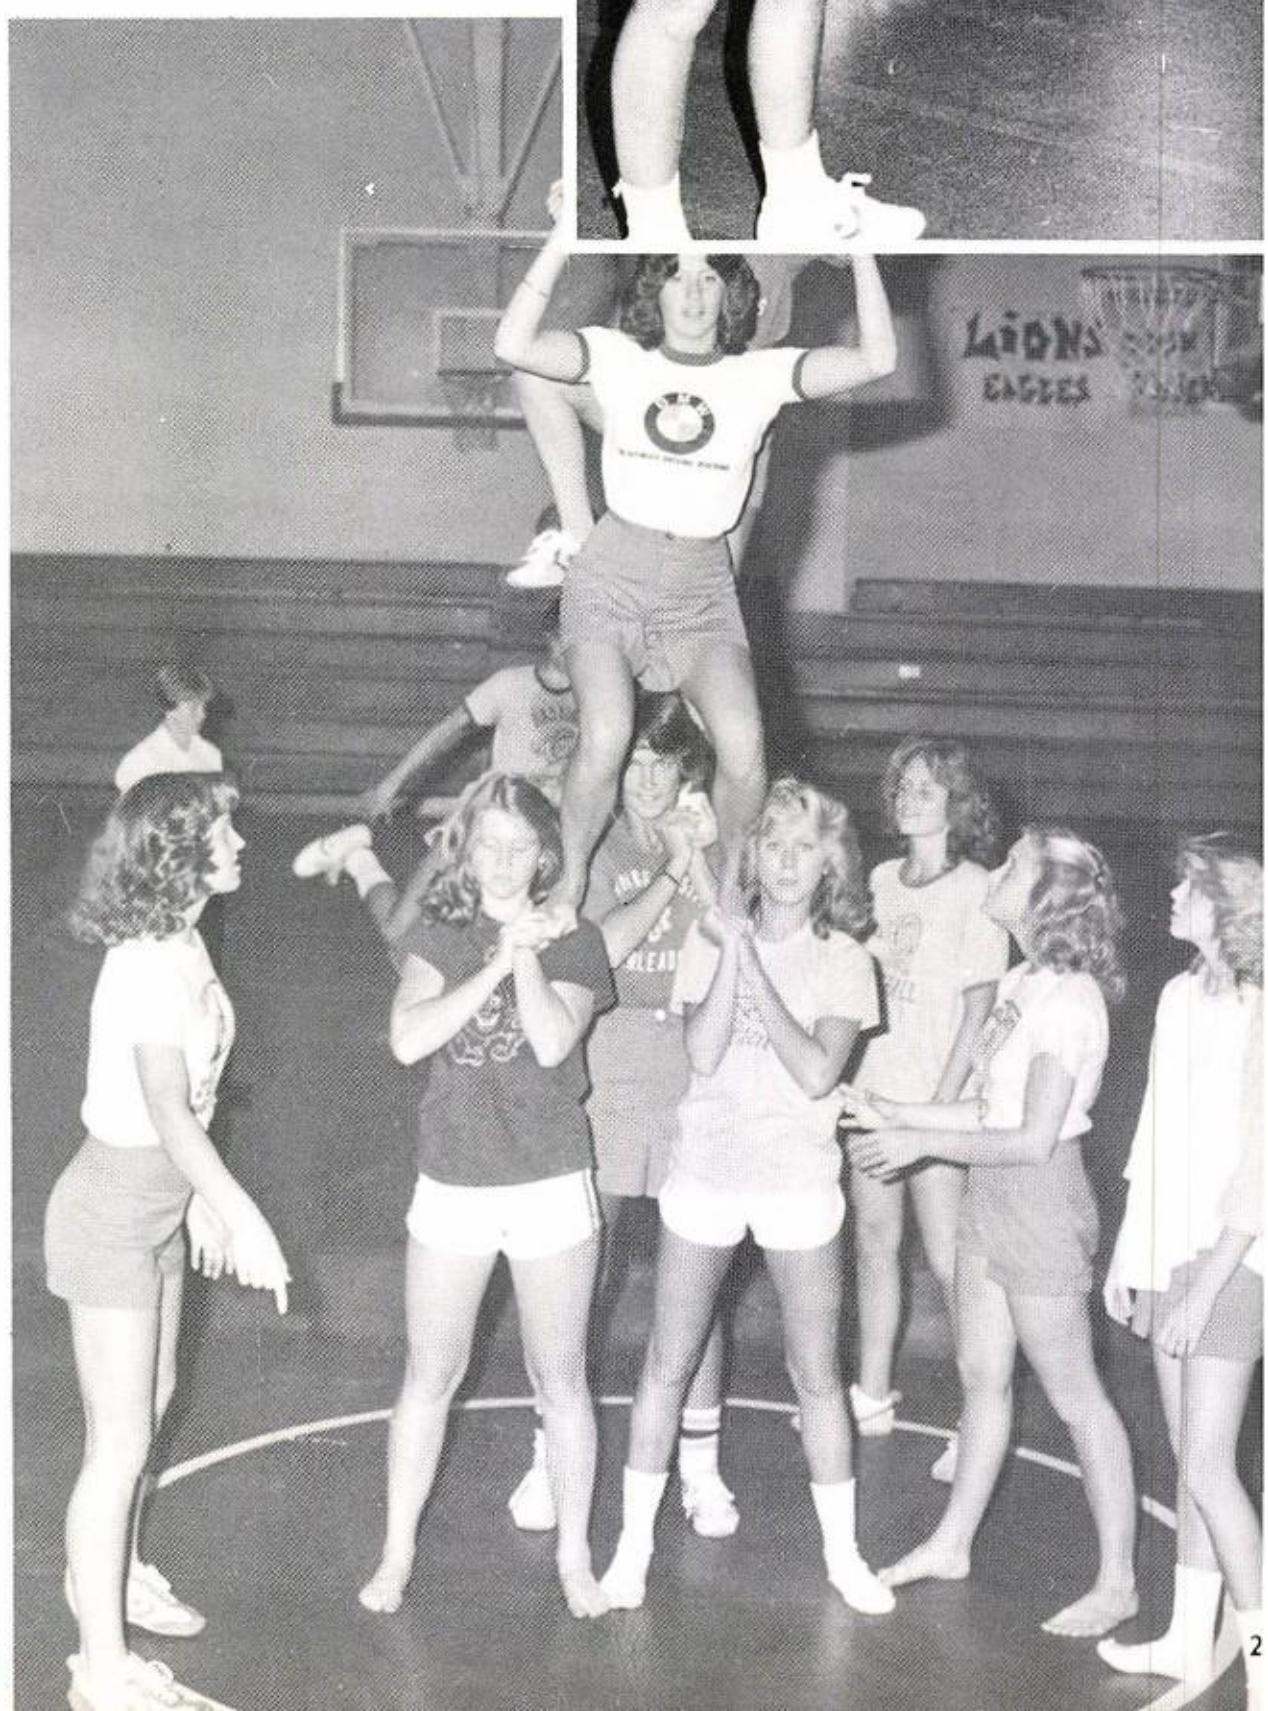
Cheerleaders

Cheerleaders Labor Many Hours

Harding's cheerleading squads work very hard not only during the school year but also during the summer. This summer the varsity squad attended cheerleading camp at Ole Miss and advanced to the finals in competition. The cheerleaders practice two to four hours regularly in the summer and five days a week during the school year. They are responsible for cheering at every game. During the school year, they cheer at pep rallies to boost the spirit of both the players and the students. During football season they decorate the football players' lockers and give the players candy favors. The cheerleaders strive to boost school spirit.



1. Cindy, Melody, and Debbie cheer vigorously at the pep rally. 2. Varsity cheerleaders work hard at practicing a pyramid routine. 3. Lisa, Kim, and Debbie smile because they know the Lions will win Homecoming.

Track Team Has 40-0 Season

The 1978-79 Varsity Track Team experienced their first undefeated season (40-0) by winning team championships at the following major meets: Harding Booster Invitational, MUS Invitational, SAC-7 Conference, and District 12 Championship. Along with these team championships thirteen Harding athletes were named to the All Conference team. Robert Gillespie, David Hightower, and Bryan Woods were District 12 champions, and Bryan Woods was regional champion also. In addition, Harding team members broke or tied twelve JV and varsity school records.

Girls Capture SAC-7 Title

The 1979 Varsity Girls' Track Team was composed primarily of talented freshmen. They started out the season with two losses and then pushed through the season to capture the SAC-7 Championship.

Coach Peggy Matthews summed up the season by saying, "We have tremendous hopes for the coming years and feel that we have a good foundation. Our season was an enjoyable one, and yet we accomplished so much while enjoying it."

Tennis

Girls Reign In SAC-7

In the 1978-79 tennis season Dale Thompson led the men's varsity, coming in second in district play and going to quarter-finals in regional play. Dale, a ninth grader last year, showed tremedous talent. He was also named to the SAC-7 All Tournament Team.

The women's varsity team had a 7-3 season. Michelle Buzard, Lisa Fister, and Marsha Lee were named to the SAC-7 All Tournament Team. Led by these three and Georgia Anderson, they won the SAC-7 Championship. Michelle Buzard went on to come in 4th in the district and make it to the quarter final round in the regionals.

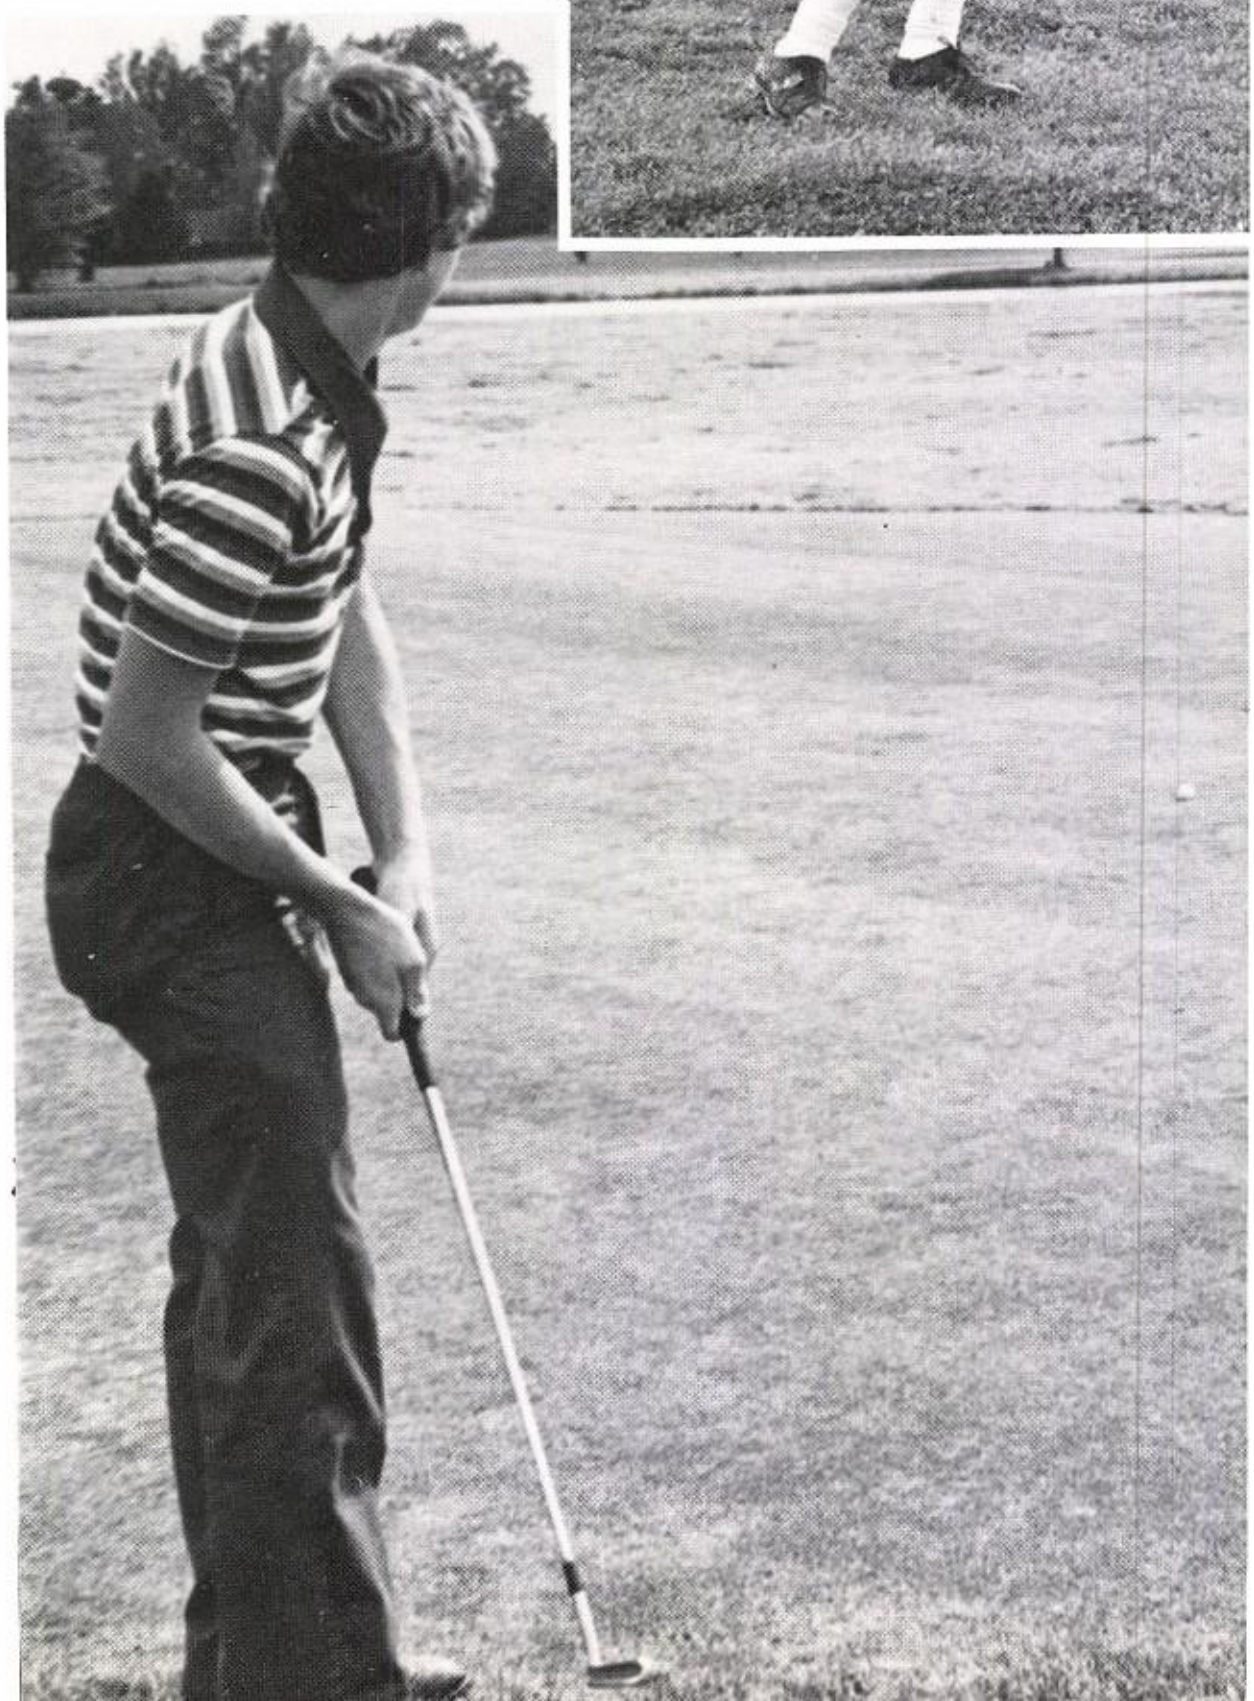
Golf

Golf Team Captures District Championship

Led by a group of experienced seniors, the 1979 Varsity Golf Team had another outstanding year. Under the leadership of Coach Pritchard, the team put in many long practices to hone its skill to a cnampionship level. Winning seven matches, they also claimed the District Championship for the sixth straight year.

Senior Fred Powers, who shot an average of 70 for eighteen holes, was awarded a full golf scholarship to Tulsa University.



1. While Hubie Smith studies his teammate's technique, Fred Powers makes the necessary efforts for a successful chip shot. 2. Coordination with a golf club brings the reward of sending the ball into the hole for Hubie Smith. 3. Hubie Smith shows good form and concentration in driving the ball.

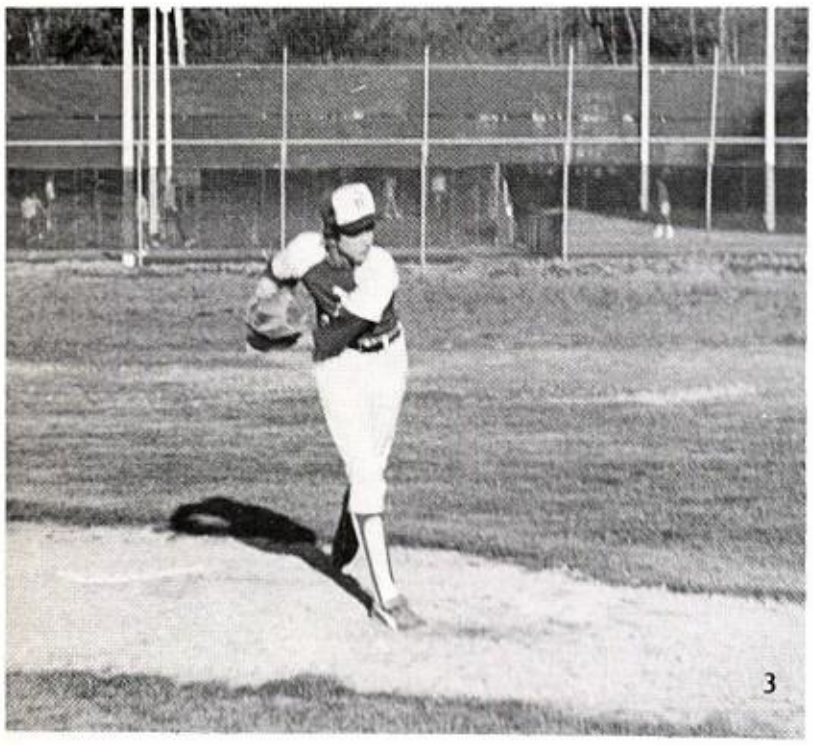
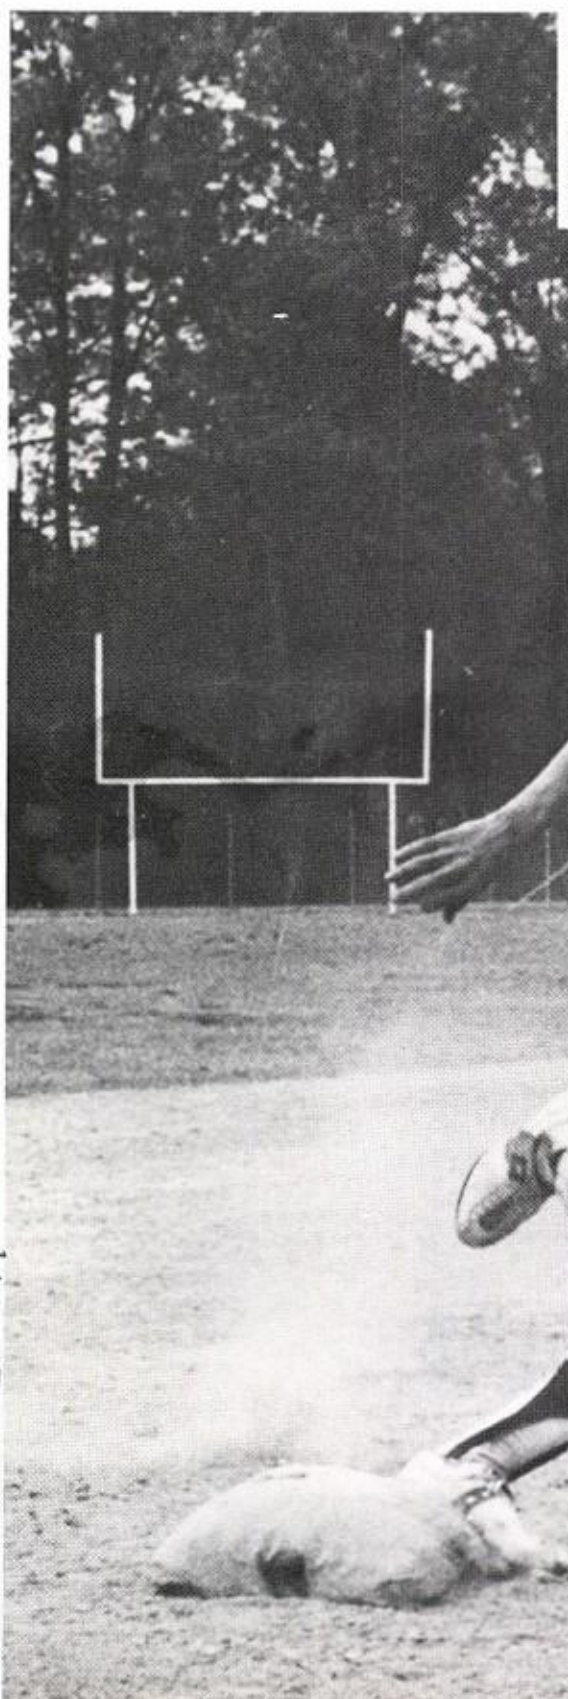
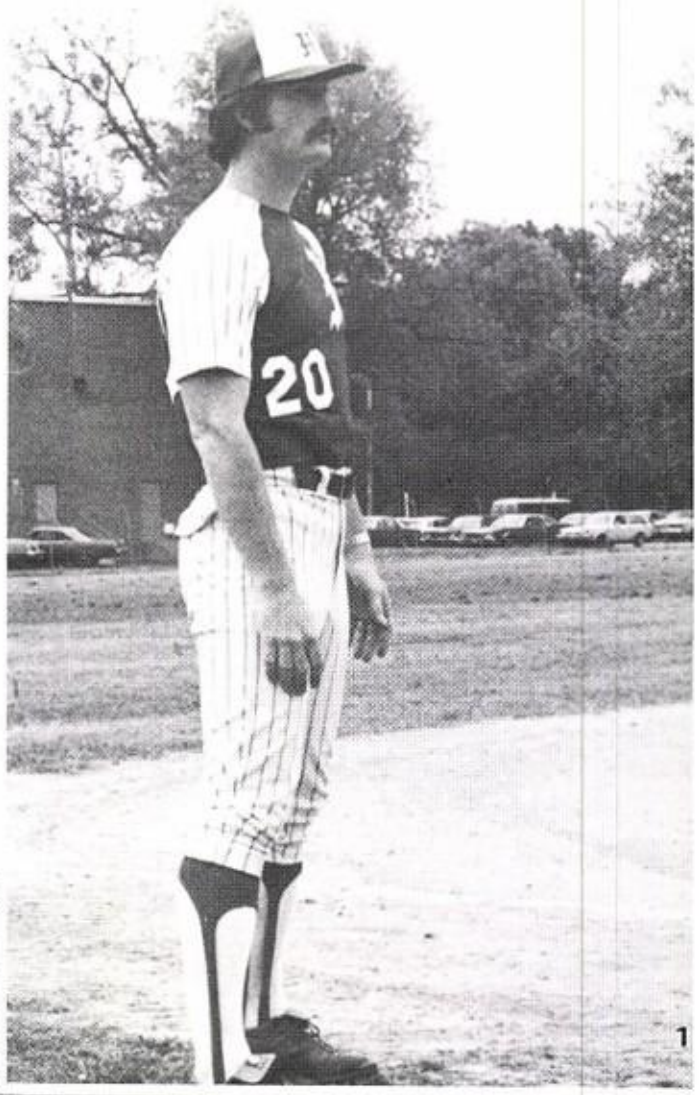
Frustration Strikes Varsity Baseball Team

The 1978-79 Varsity Baseball Team experienced an extremely frustrating season. Because of the above average spring rainfall, many games were postponed and later cancelled. Practice time outside was very limited, and field conditions were usually very poor. Adding to the frustration was the fact that the team lost six games by only one run. A bright spot in the season came when Robbie Kiihnl was named to the All-Conference Team.







1. Coach Reagan surveys the team's practice session for talent. 2. Cary Daniel rounds second base at full speed. 3. Jeff Jones shows good form in his pitching.

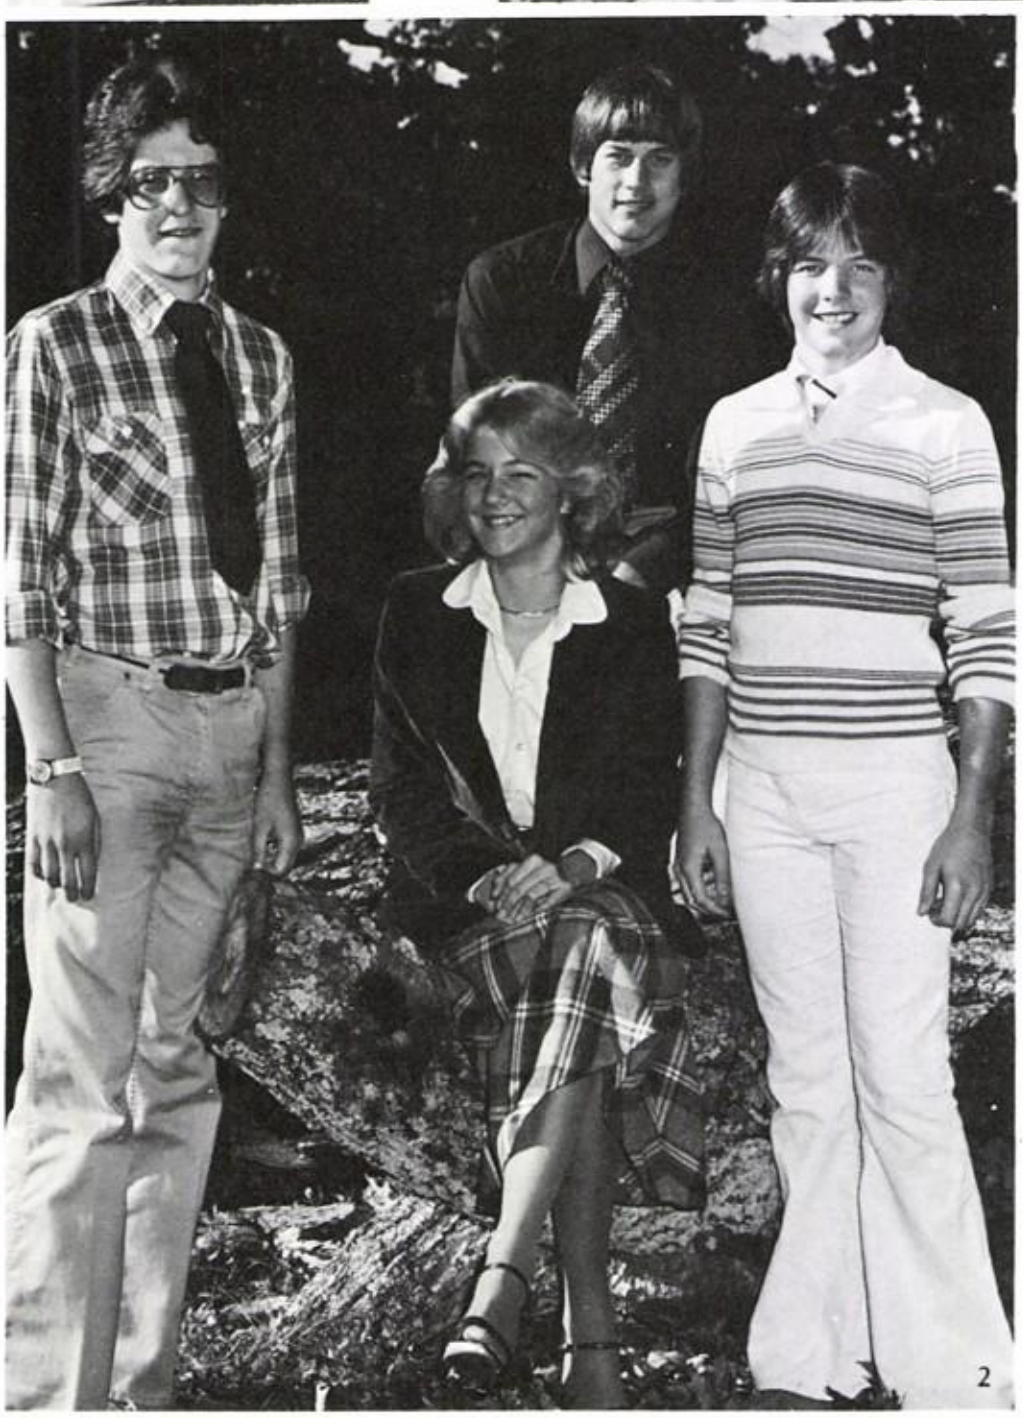
ORGANIZATIONS

SENIOR HIGH STUDENT COUNCIL

The Student Council is a very important organization made up of executive officers, all class presidents, club presidents, and two representatives selected from each grade. This group is very essential to the student body because it voices their opinions and ideas to the administration and faculty. Serving on the Student Council is an honor, but members are required to be hard working and dedicated. This year the Student Council supported such activities as the powder-puff football game, baskets for the needy and school picnic.

Rosanne Reynolds, Secretary; Bob Bush, Treasurer; Robbie Davis, Vice-president; Georgia Anderson, President.

JUNIOR HIGH STUDENT COUNCIL



The Junior High Student Council is the student government for grades seven through nine. Their purpose is to plan activities for the junior high students and to be of help to the school. The club is headed by officers elected by the student body. Other members include the presidents of the major clubs, the class presidents, and the class representatives. Mrs. Semore is the advisor and Mrs. Cunningham supervises some of the activities. These activities included selling homemade ice cream at the carnival, collecting food baskets for the needy at Thanksgiving, and planning many parties for the junior high students.

NATIONAL HONOR SOCIETY

The purpose of the National Honor Society is to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in all students. Selection for membership is based upon scholarship, service, leadership, and character. Seniors must have maintained a cumulative academic average of more than 8.50, juniors more than 9.50 and sophomores more than 10.50. In determining the grade point average, all academic subjects are included with the exception of P.E., Band, Chorus, and pass/fail subjects. The student should show involvement in school activities and projects.

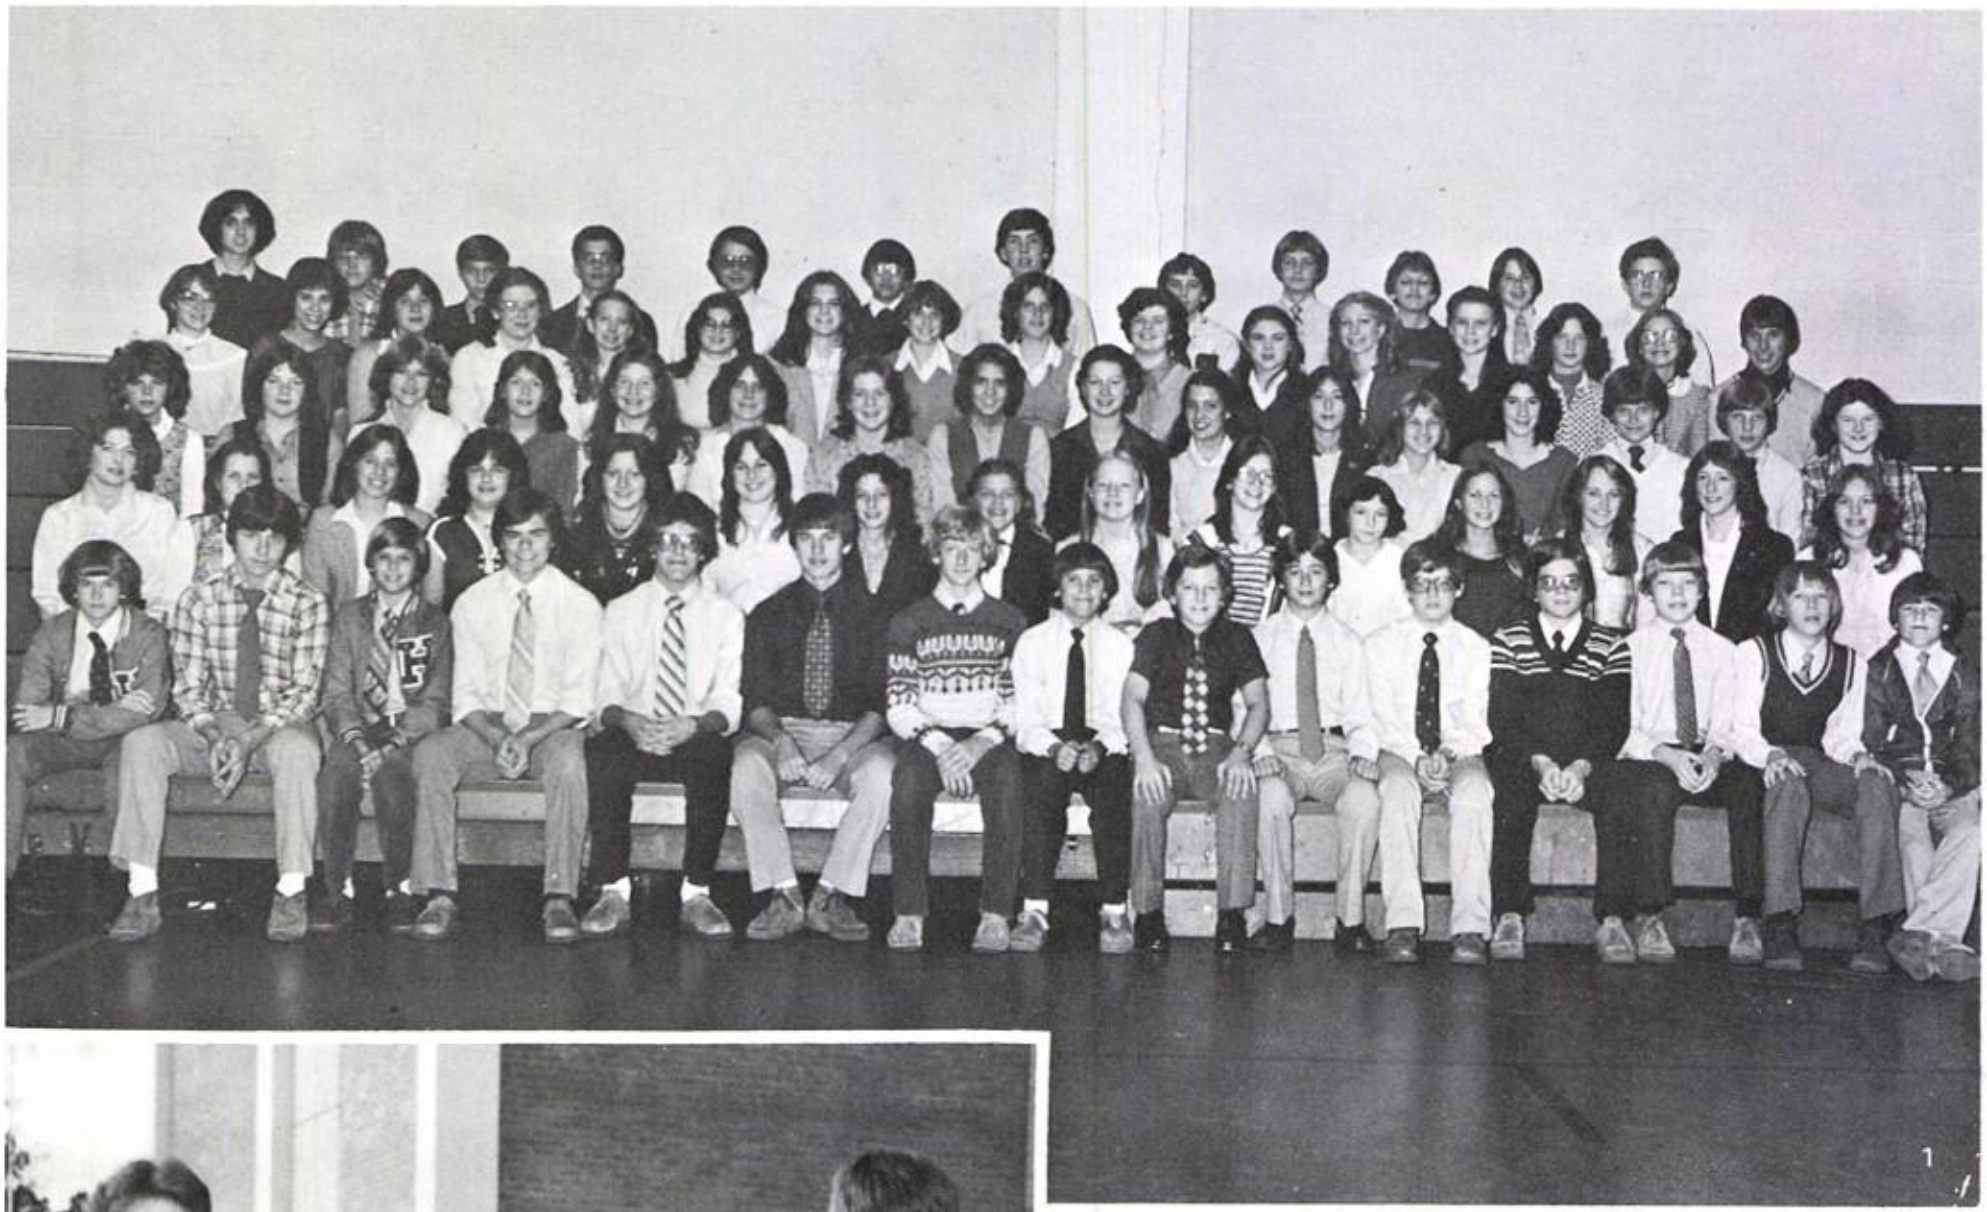
JR. BETA CLUB



The Junior Beta Club is one of the largest clubs on campus this year. The ceremony for all newly elected members was held in November. About sixty junior high students were inducted. The reason for this large growth is that many of these students work hard for their grades and enjoy the privilege of membership. Maintaining a B+ average is one requirement for membership. Their sponsor for this year is Kay Pedigo.

KEY CLUB

The Key Club, a service organization, participates in many worthwhile activities. Some of the ways the club serves the school are operating the concession stand at home basketball games and serving at the Junior High athletic banquet. The Key Club assists the community by collecting donations annually for the Memphis Hemophilia Foundation. The members are also involved in a big brother program. This program is designed to give elementary boys who do not have fathers someone to look up to and respect.

QUIZ 'EM TEAM

The Quiz 'Em Team is one of Hardings' most intellectual clubs. To be a member of this club one must have had a grade average of a B+ or above. About every four weeks there is a tournament in which Harding competes with various public and private schools from all over the Mid-South. During the tournament, team members are asked questions on main current events which have appeared in that week's Sunday through Wednesday papers. The categories discussed in the tournaments are Capitol Hill, White House, Names and Titles, Wide Wide World, Memphis and the Mid-South, Money Matters, What Did He Say?, Who Said This?, Geography, History, Sports, and Big Picture.

During the week preceding a tournament all team members are excused from classes to study vigorously for the match. While there are only four team members which actually participate in the tournament, each member helps these four to prepare themselves for the match. The Quiz'Em Team's tournaments usually take place on Saturday and are broadcasted on WDIA radio station on Sunday afternoon.

The Contemporary Issues Club is for high school students who have had one year of American history and are interested in current events and government. Most of the activities that members were involved in centered around the 1980 Presidential Election. Some members also participated in the Closeup program in Washington, D.C. This program provided students with the opportunity to meet and talk with government officials and to discuss various political issues.

JUNIOR HIGH PEP CLUB

The Junior High Pep Club attends sports events, helps charitable organizations, such as Agape, and assists the Junior High Student Council with junior high activities. In preceding years club members have helped Agape with auctions, decorated for junior high parties and banquets, worked in concession stands for tournaments, sold candy for the Kidney Foundation, held bake sales to pay for decorations, and assisted other school groups and classes with their projects. There is usually a winter and a spring club outing. Members receive participation points for their help in activities. Kay Pedigo is the sponsor.

THESPIANS

Harding's Thespians are unique among the various troupes in the society. They are committed to promoting Christian theatre. The members try to select productions that families can come to without worrying about the content of the shows. They strive to assure that all that goes on in their theatre and on their stage is to God's glory. Their business deals with talent and all talent points to Him. To be a Thespian, one must have completed one hundred hours of excellent work in the theatre before an invitation to join is extended. The person then has a one to two week period of evaluation. After this evaluation, a vote is taken among the members. The Thespians staged several productions during the 1979 - 1980 school year.

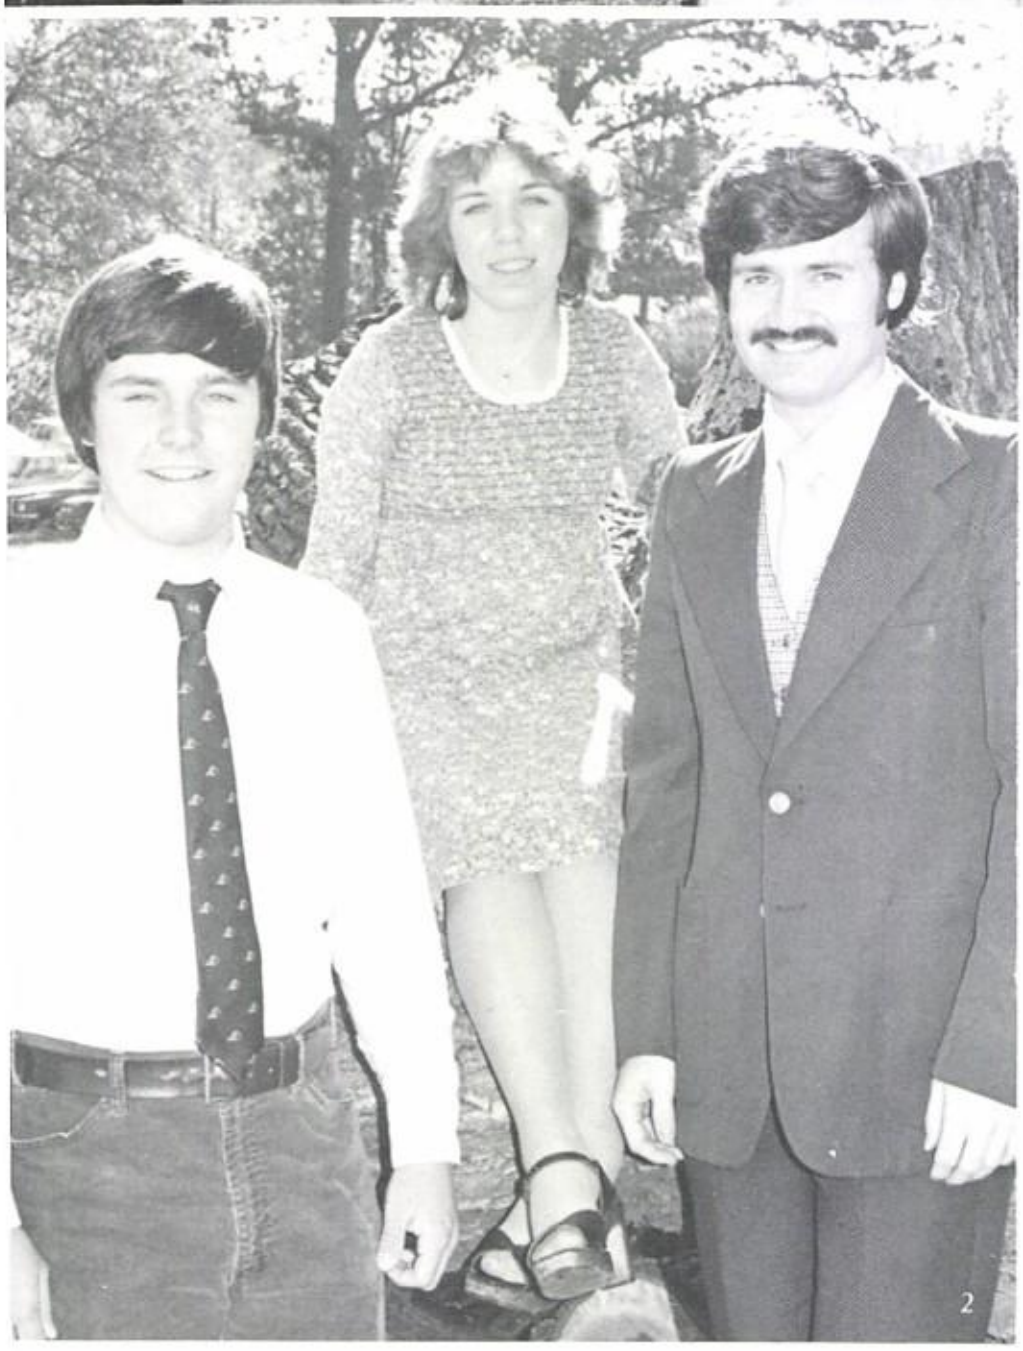
FORENSICS



Interpretation has been the primary emphasis of the Forensics Team this year. Competing with over sixty-five high schools from eight states in ten tournaments, Harding captured numerous trophies in prose interpretation, humorous interpretation, duet acting, and story telling. The readers theatre production "Grinning Out Loud" and the one-act play "The Return" provided an appropriate culmination of an outstanding season.

FBLA

The Future Business Leaders of America is now in its second year at Harding. In order to be a member, a student must have taken a business course or be presently enrolled in one. The purpose of FBLA is to develop strong aggressive leadership among students interested in business courses. The activities of the organization include many fund-raising projects to help send the members to the State Leadership Conference in Murphreesboro, Tennessee and the National Leadership Conference held in Washington, D.C.

ELECTRONICS

The Electronics Club is intended to stimulate interest in electronics in general and also in amateur radio. The club will be on the air talking to other "Hams" from all parts of the world on a club station to which a license was issued by the FCC. The Electronics Club has hopes of visiting special interest places such as the Red Cross emergency communication facility, which is staffed by volunteer amateur radio operators to help provide emergency communications in time of disaster.

SHIELD STAFF

Members of the ***Shield*** staff began work on the 1980 yearbook even before the '79 book came off the press. Preliminary plans for theme and design were made last spring and an ad sales campaign was initiated during May. In June Linda Dorsey, Lisa Warren, and Mrs. Donaldson attended a week long yearbook workshop held in Conway, Arkansas. In addition to attending classes and exchanging ideas with other staffs, they finalized plans for the cover, endsheets, content, and section designs. When school began in August, the staff completed the sale of ads and began the actual production of the book. Layouts were drawn, pictures taken, copy written and edited, and deadlines met. For the first time the ***Shield*** is being published this year by Josten's American Yearbook Company.

FOOTPRINT STAFF

The ***Footprint*** is the annual that is put out exclusively for Harding's elementary students. Early last summer the ***Footprint*** staff was hard at work on the 1979-80 annual as Mrs. Shappley, Margaret Warren, and Donna Wren attended the yearly workshop held at Conway, Arkansas. Here plans were finalized for the cover, theme, and layouts. Each participant left feeling that her time and energy had been profitably spent. Back at school, the staff worked equally hard in scheduling pictures and meeting deadlines. All problems were overcome by teamwork and cooperation. Because of this united effort, the 1979-80 ***Footprint*** was one of the best ever.

LION STAFF

The purpose of the ***Lion*** is to keep the student body informed of the issues that concern them and the activities that take place during the year. Members of the staff are chosen by the advisor on the recommendation of other English teachers. Staff members are responsible for covering the assignments given them, writing the articles, and turning them in to the editors before deadlines.

The ***Lion*** is published monthly throughout the school year. Staff members are a part of the Tennessee High School Press Association and participate in the organization's workshops and critique service. The ***Lion*** strives for a modern news magazine appearance through up-to-date features, highlights of school news, and student literary contributions.

PHOTOGRAPHY CLUB

The Photography Club, headed by Mr. Oliver, assists the ***Shield*** and ***Footprint*** staffs by taking pictures for the annual. They also take pictures for the ***Lion.*** Members get actual experience in the field of photography by learning about the F stop, aperture, shutter speed, focusing, cropping, and ASA. They also learn to cope with the following problems: film stripping out, overexposure, underexposure, and bad focusing. A dark room is provided at Harding, in which all the developing and printing are done. The dark room consists of two enlargers and many trays filled with developer, fixer and stop bath. Mr. Oliver checks and screens student work.

CHORUS

This year the A cappella made its debut on national radio by singing on the "Herald of Truth" radio program. They met once every two weeks during the summer to practice and when the fall semester began, they started recording for the "Bible Lands" series. Harding's A cappella is the only high school chorus that has ever performed on the program. In addition to the radio broadcast they sang for the Memphis area churches on Wednesday nights throughout the spring and sang regularly in chapel services. This year the spring tour took the A cappella to Virginia and Washington, D.C.

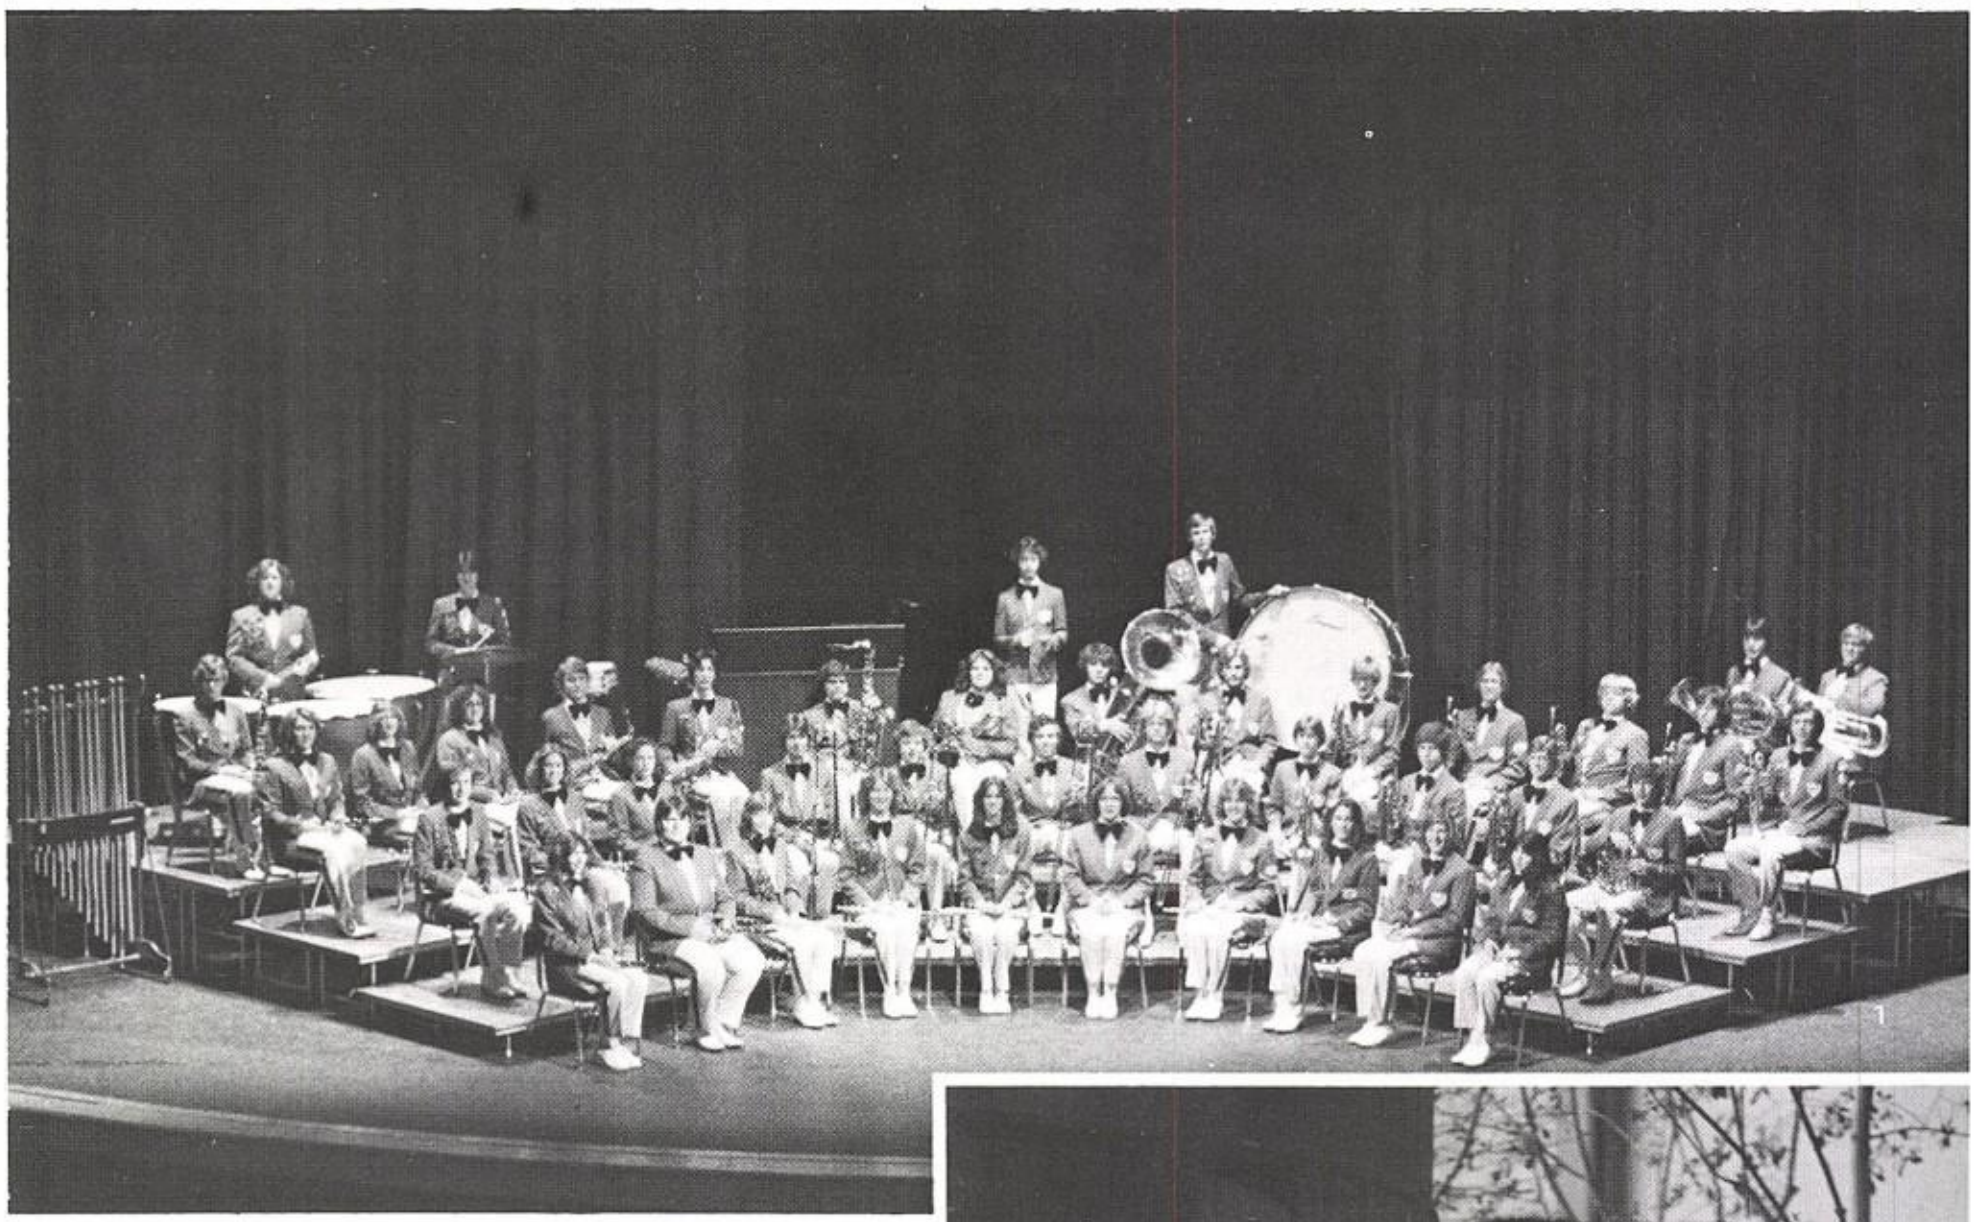
BAND



The Harding Academy band enjoyed a very active year. They began their hard work before the summer ended in a marching camp. All year the band helped promote high spirits at all football and basketball games. On September 29 the band competed in the WTSBOA Marching Festival in Jackson, TN. They received a rating of excellent. On October 27 they competed at the Memphis State University Marching Festival and again received a rating of excellent. The band participated in the Veterans Day Parade on November 12. On the evenings of November 29 - December 1 the band performed for the play ***Oliver.*** From December 13-15 all the bands performed their Christmas Concerts. Seven band students were selected to play in the All West Tennessee Bands Concert. Also the bands participated in the winter concert. From April 8-13 the band went on tour. They traveled to Atlanta, Georgia for the Six Flags over Georgia Concert Festival. During May, all the bands performed their spring concerts.

ACADEMICS

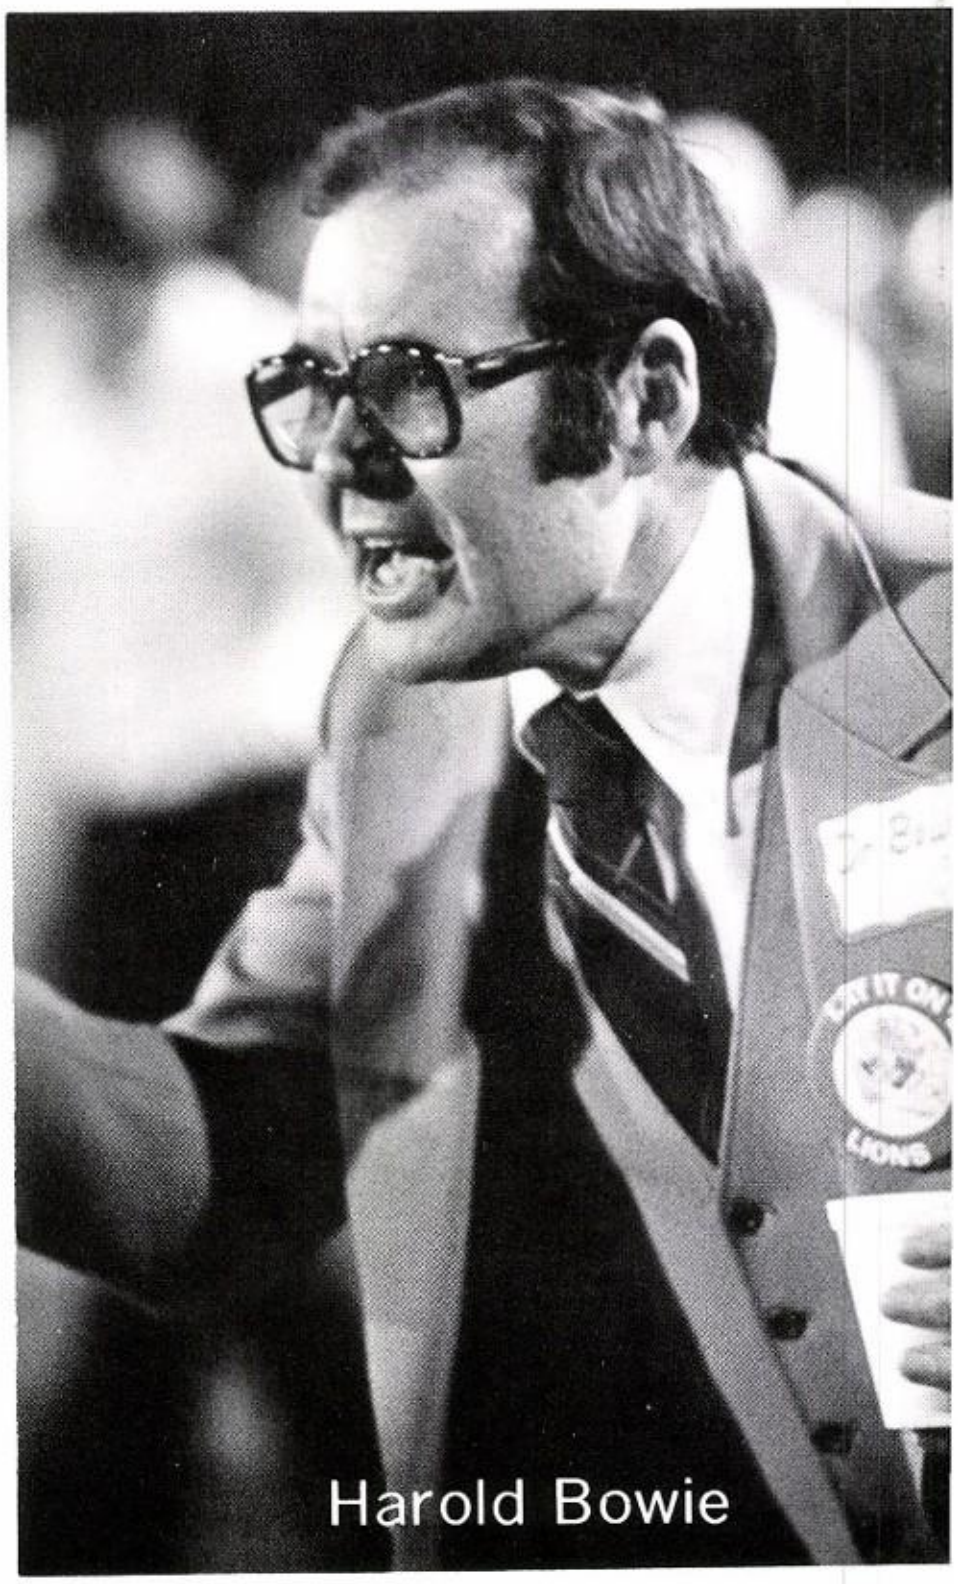
ADMINISTRATION

During his eighteen years as superintendent of Harding Academy, ***Harold Bowie*** has served as an example of dynamic leadership. He is responsible for the total school program and daily approaches this responsibility with great dedication. Under his guidance the school has exhibited remarkable growth and achievement in all phases of its program. Dr. Bowie's competence and zeal, coupled with his genuine concern for the welfare of the students, have made Harding difficult to surpass.

Harding Academy is fortunate to have ***Betty Bates*** as academic dean. She is devoted to her job, but she is never too busy to talk to an individual who needs guidance. Her responsibilities are varied, and she continually strives to carry out those responsibilities in any way that would best benefit Harding's educational program, its students, and faculty.

Betty Bates

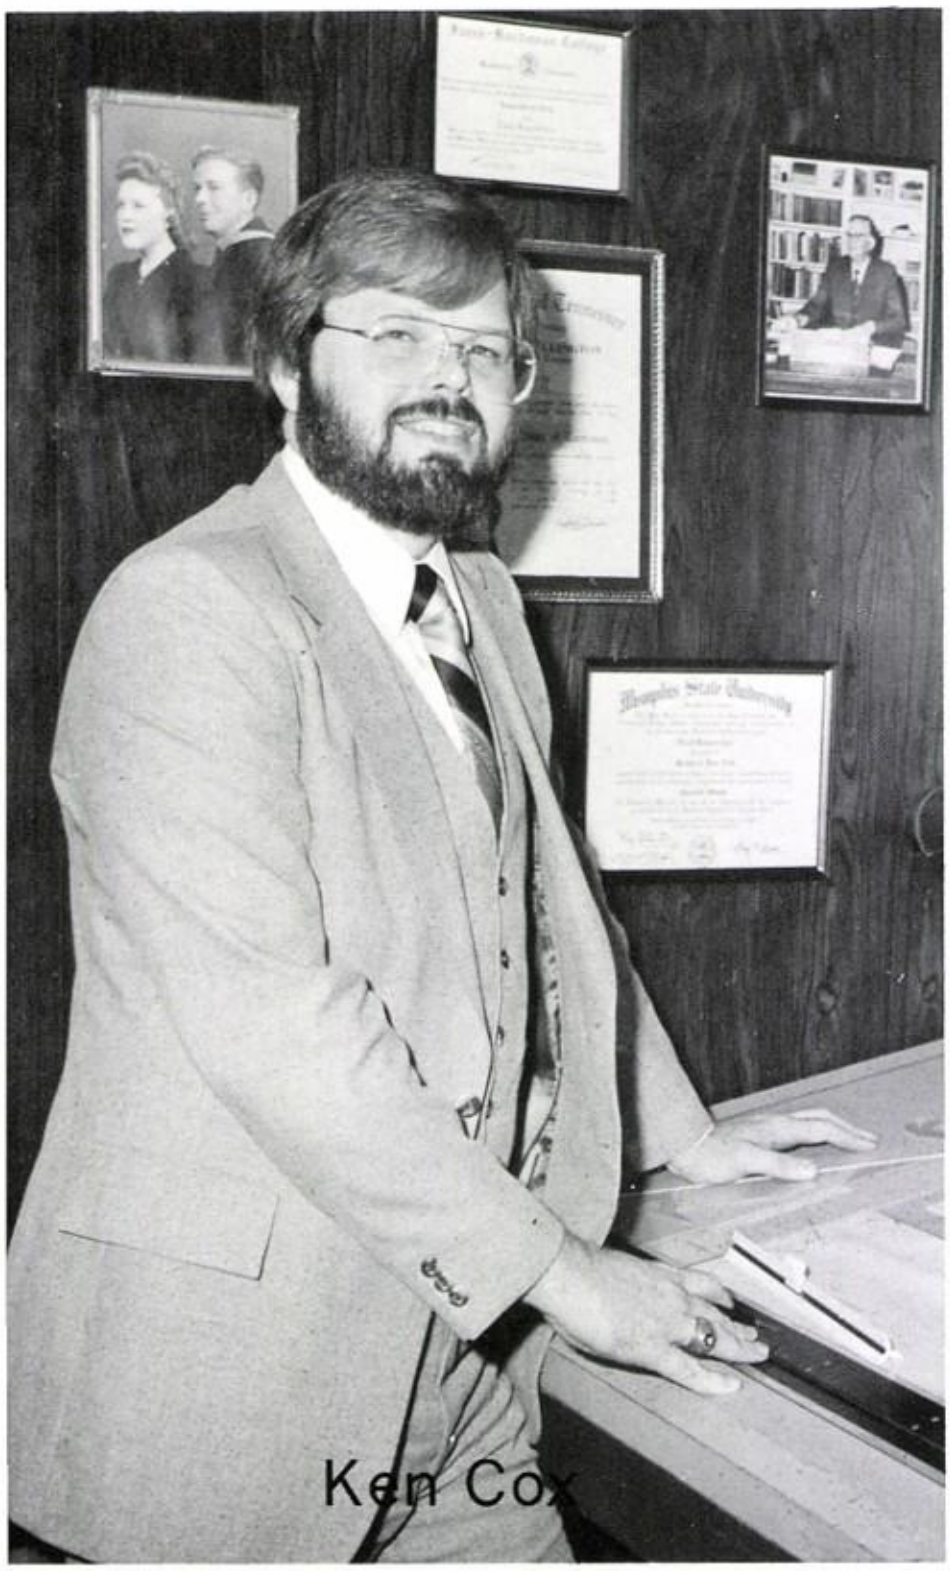


Harold Bowie

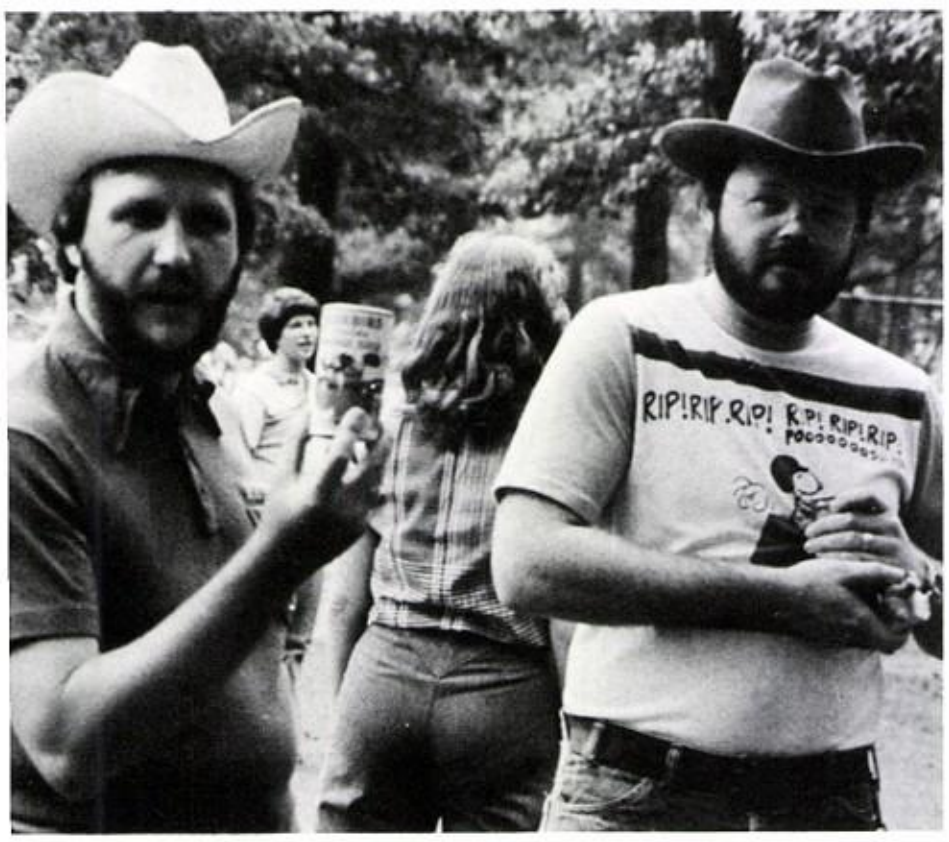
ADMINISTRATION

The office of ***Fred Phillips,*** dean of students, is always a scene of frantic activity. Dedicating himself to helping students solve their myriad of problems, Mr. Phillips spends numerous hours weekly counseling and offering advice. His guidance and leadership continue to profit many of those who seek his assistance. His loyalty and sense of justice toward all students have earned him well-deserved respect throughout the school.

Having served as business manager for three years, ***Ken Cox*** tirelessly searches for new ways to stretch the dollar. Through his efforts at conservation and education, he has helped bring about significant savings in many areas of school finance. He has also been instrumental in helping to see that the constant needs for supplies by the faculty and staff are met. However, Mr. Cox does not confine his activities to administering the school budget. He is readily available to aid both students and faculty members in any way that he can.



Ken Cox



Fred Phillips

ADMINISTRATION

Ronn Rubio fills the position of athletic director. He is responsible for overseeing the total athletic programs of both the high school and elementary schools. Schedules, budgets, game sites, practice sites, referee problems, and coaching problems occupy much of his time. In addition to his duties as athletic director, Coach Rubio teaches a geometry class and coaches the cross country team. His door is always open to anyone who needs a friend, and he has provided a willing ear to the problems of not only student athletes but others as well.

Serving as director of student activities this year is ***Becky Cunningham.*** A graduate of Harding Academy herself, Mrs. Cunningham has brought a new perspective to many activities. She has established an outstanding relationship with many students and has become one of the most respected teachers. Her enthusiasm for her job and her exuberant personality have made her a favorite with the entire school community.

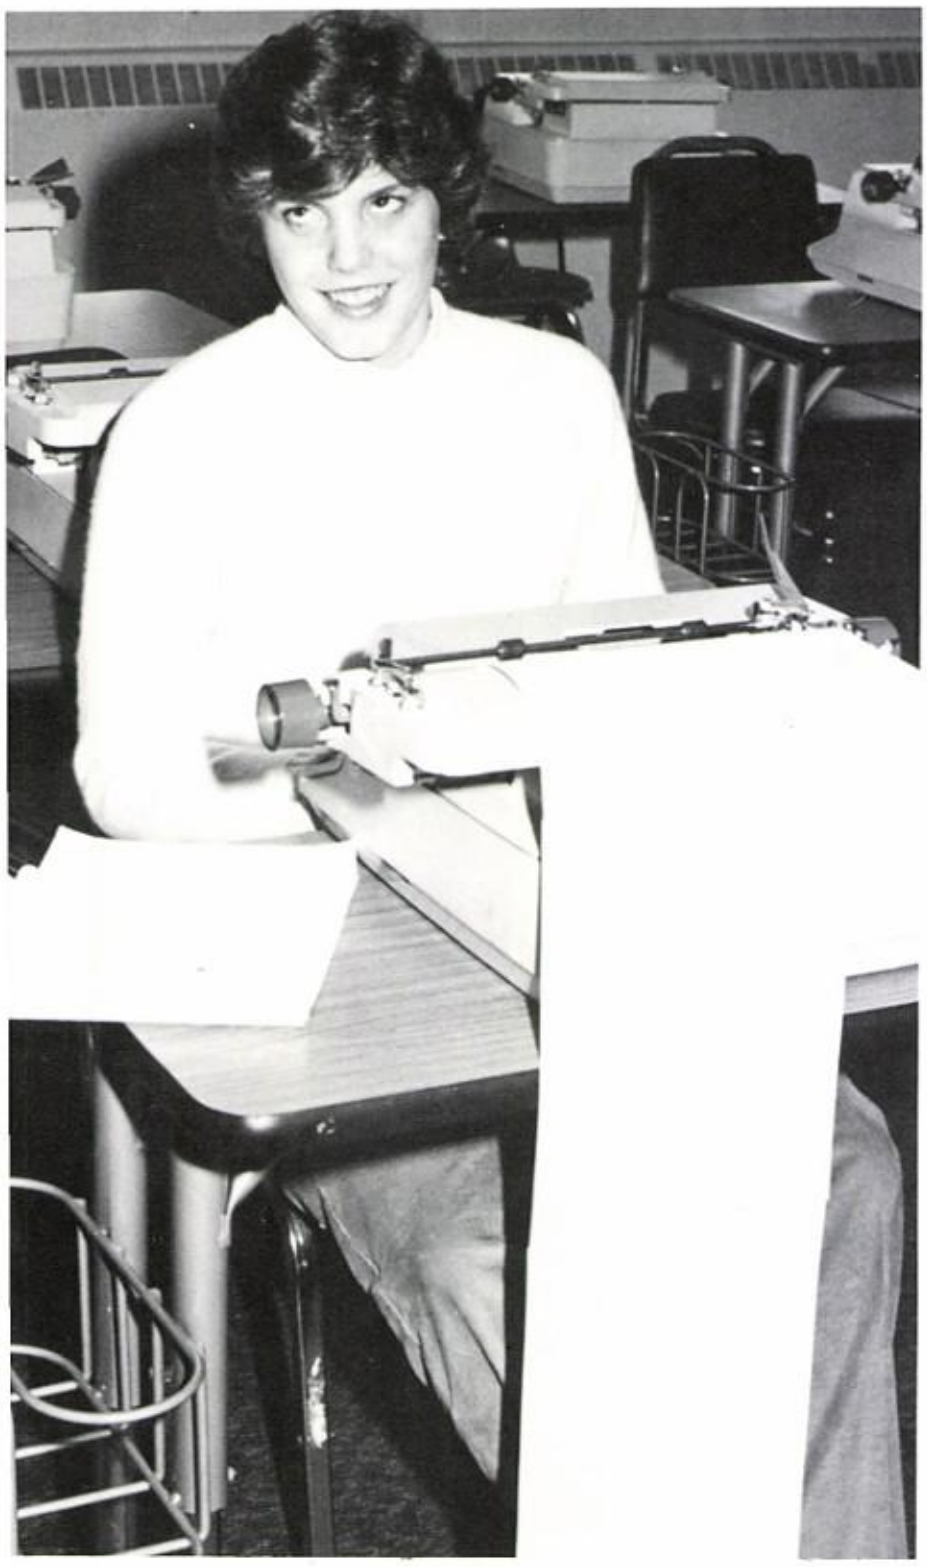
BUSINESS



The business department has several courses offered to prepare one for the business world. Some of these courses include typewriting, shorthand, accounting, and general business. The department chairman, Anne Brewer, who teaches typewriting, is new to the business department. Leslie Irwin is new to Harding this year. She teaches general business, shorthand, typewriting, and accounting. Typewriting I is so popular that the typing room is in use six periods of the day.

Business classes often offer a break from the usual classroom routine of consant notetaking. For example, the typewriting classes enjoyed a Christmas "office party" before the holidays.

Leslie Irwin

BIBLE

Each year Harding's Bible department gives the students a wide variety of Biblical topics to study. This year the seventh grade studied the life of Christ, the eighth grade made a survey of Acts, the ninth grade studied the scheme of redemption and the tenth grade course included the basic Bible studies. The eleventh and twelfth grades could choose from the following courses: God's Unfolding Words, Church History, Life and Letters of Peter, Hebrews and the Shorter Epistles of Paul, Life of Paul and I and II Corinthians, Hymnology/Jewish History, the book of Revelation, or Romans, Galatians and Ephesians. In addition to textual studies, students are also shown Bible films.

ENGLISH

The English department has been involved in improving the composition skills of the students at Harding Academy. Under the direction of Michael Semore, several teachers in other departments participated in a workshop designed to aid them in giving and evaluating written assignments in their classes. The goal of this workshop is to encourage students to use writing skills not only in formal English classes but in other classes as well. In addition to composition skills the English department also strives to improve skills in vocabulary, language usage, and literature.

MATH

Math and change were synonymous at Harding this year. The math students were welcomed by six new teachers, five in the fall semester and one at the semester break. In the last ten years many new math courses have been added to the curriculum, such as calculus and next year computer math will be added. In the last ten years the math faculty has grown from three teachers to eleven teachers. Each change is made to fulfill the goal of the math department - to prepare each student for college math courses.

SCIENCE

Just as science plays a major role in our technological society, it also occupies an important place in the lives of Harding students. Seventh graders study life science and eighth graders investigate earth science. Biology challenges many freshmen and sophomores, while further challenges are presented to juniors and seniors who study advanced biology. Since many students receive scientific diplomas, large numbers of upper classmen choose to delve into chemistry, physics, and biochemistry. A better understanding of the world of nature should prepare students for better life in the world.

Social Studies

Two credits in social studies are required for graduation, one of which must be American history. Other course offerings are civics, world history, sociology, and personal adjustment, marriage and family living (PAFL), taught by Mrs. Batey. Seventh graders take geography and eighth graders take American history. The Memphis area affords many opportunities for field trips. Classes periodically visit the sessions of various courts. An annual spring event for the eighth grade is a field trip to Shiloh Battlefield. Many of the social studies classes have visual aids, guest speakers, and discussions to stimulate class interest.

MUSIC

Harding Academy has an outstanding music department. Junior high students are required to take a music course taught by Mrs. Warren. In this class the students are taught the fundamentals of music appreciation. High school students are not required to take a music class, but as an elective they may choose to take chorus, taught by Jim Chester, or band, taught by Barry Lumpkin. Both courses require talent and provide rewarding experiences for the students. This year the A cappella became the first high school chorus ever to be asked to perform on the Herald of Truth radio broadcasts. The MHA band also did very well this year. The band competed in the West Tennessee Marching Festival and received a rating of excellent. They also competed in a contest in Jackson, Tennessee and were rated excellent.

Language

The language department offers students a choice between German and Spanish. Marilyn Barnes teaches German I, II, and III, and Patsy Evans teaches Spanish I and II. In addition to classroom activities the courses include trips to various cultural events, exhibits, and competitions. Learning about the customs and traditions of the people who speak a particular language is emphasized. German students fielded a soccer team for the first time this year. Language students also held a tea which featured German and Spanish foods for the faculty.

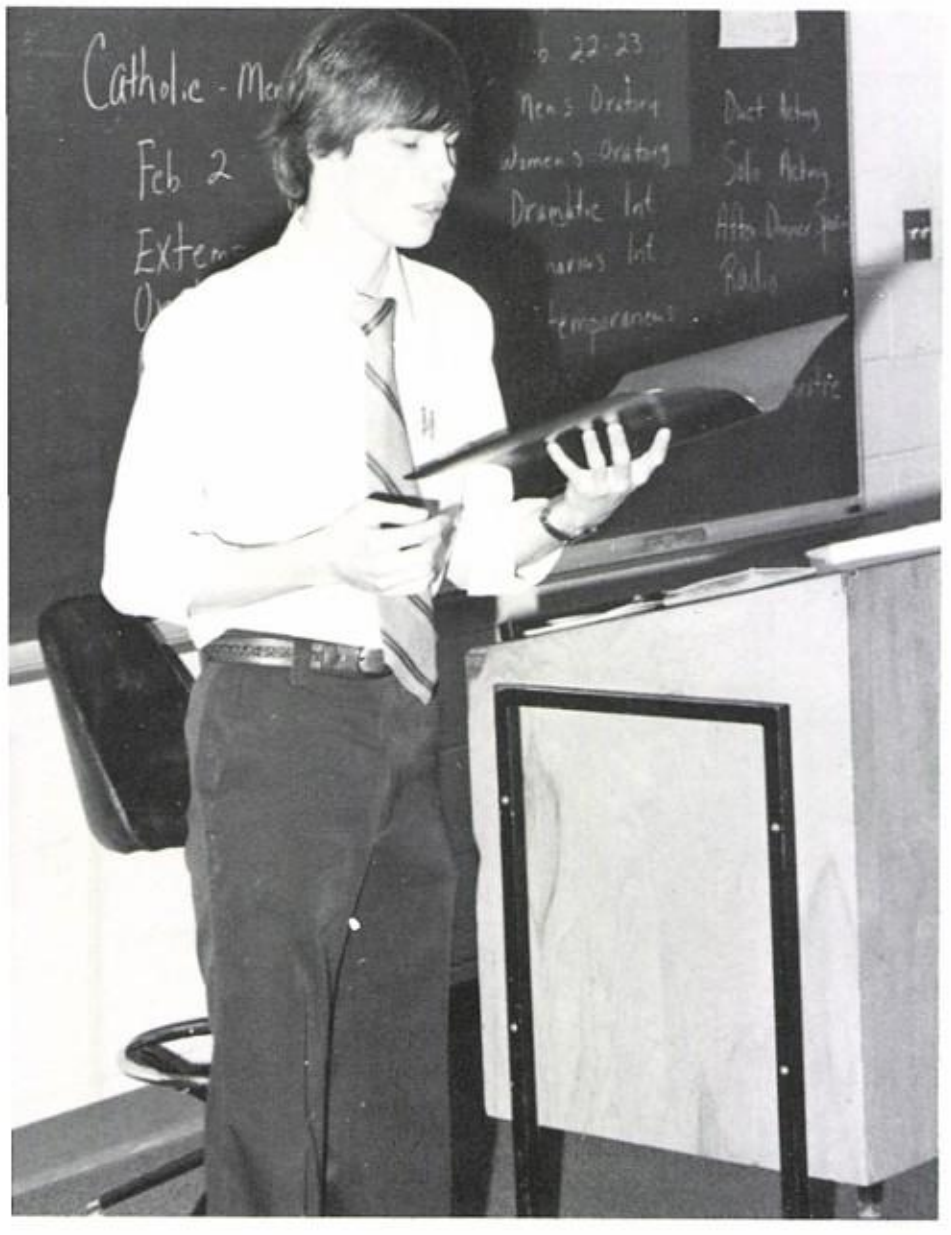
Speech And Drama

The speech and drama classes are hard at work to make this year a success. There are five sections of speech taught by Deb Holloway and Glenda Cox. The first semester of speech is devoted to a study of self, one to one interactions, and small group communications. Public speaking, debate, and mass media are the topics for the second semester. There is only one section of drama, which is taught by Deb Holloway. The first semester establishes the different roles required in working in theatre. The second semester is devoted to the actual acting, designing, and writing of a theatre production. In general, drama is designed to improve the student's understanding of theatre.



Glenda Cox

ART

Through the study of art a student has a chance to learn many things about himself and his surroundings. A student may express himself in many ways. One can learn such things as weaving, leather crafts, silk screening, wire sculpturing, pottery making, and acrylic painting. The art department is under the direction of Reed Oliver and Carole Williams. Mr. Oliver works with both Art I and Art II students. Mrs. Williams works mainly with the seventh grade Art I students. Tours of art galleries and arts and crafts exhibitions are sponsored by the department.

HEALTH AND P.E.

Both health classes and physical education classes emphasize the importance of taking care of the body. In P.E. classes games and exercises promote interest in physical fitness. The classes jog, play tennis, soccer, and basketball, and learn some of the basics of gymnastics. In addition to individual and team sports, the classes stress the importance of exercise. In advanced P.E. classes, Miss Matthews teaches a section on party games.

Health classes promote an awareness of the importance of establishing good health habits. The course includes a study of the facts about proper diet, vitamins and other nutrients, diseases, and disease prevention.

HOME ECONOMICS

The home economics classes have been busy this year with several areas of study which should prove to be beneficial to students in many years to come. Some of the topics covered first semester were personality development and family relations, dating, personal grooming, child care, crafts, and clothing. Second semester started with a unit in clothing construction in which each student learned to make a skirt. As the semester progressed studies included home management, food and nutrition, and consumer education. Home Economics is a very essential course to take because all areas cover things one has to face in everyday life.

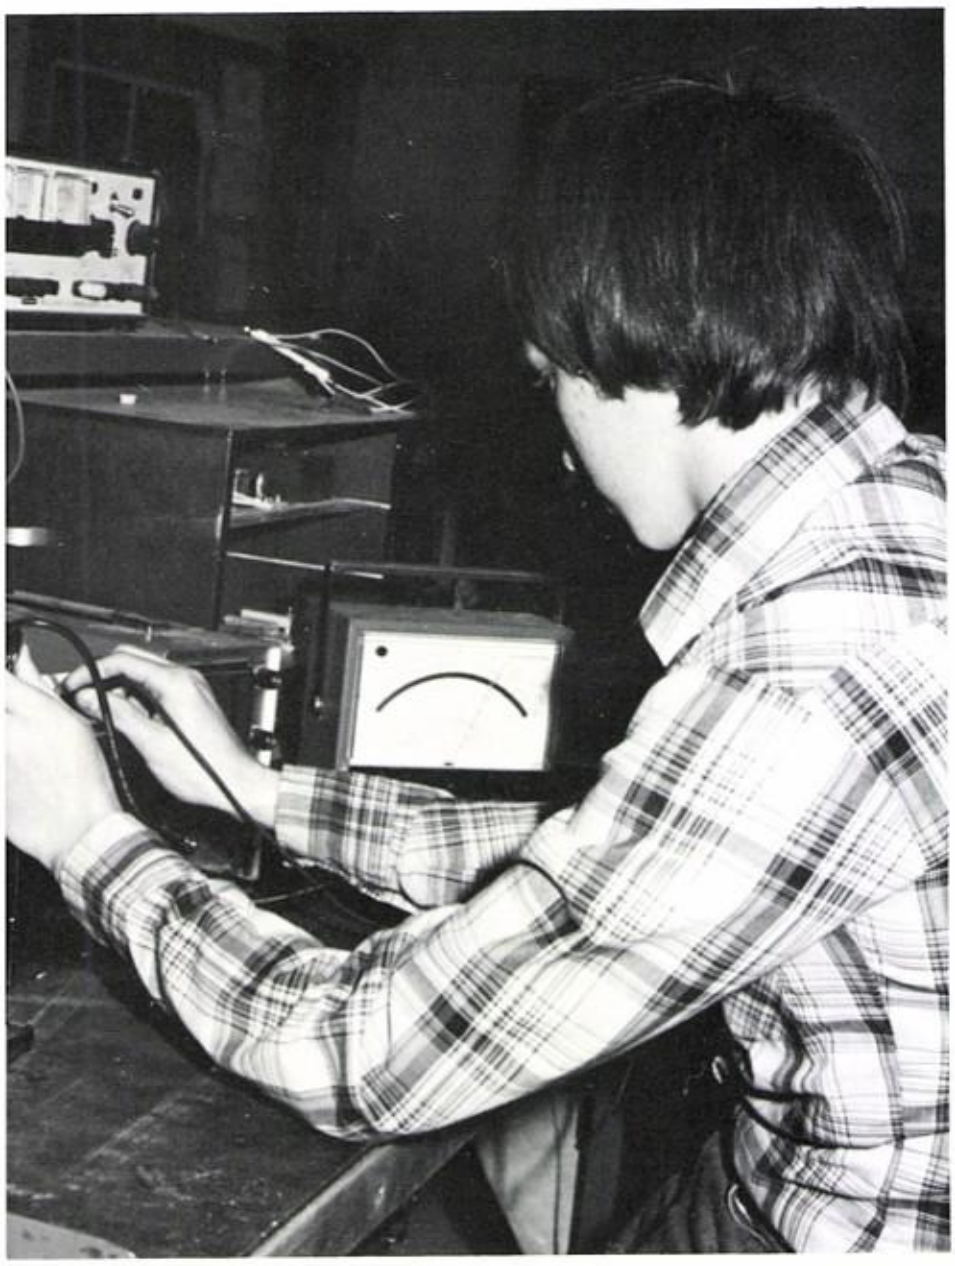
TECHNOLOGY



Industrial arts education is that part of general education whose broad function is to introduce the opportunities, the tools, the materials, and the processes of an industrial society. I.A.E. provides opportunities for exploration in industry. Ideally, I.A.E. will "develop an insight and understanding of industry and its place in our culture." The goal of industrial arts is the development of manual skills for job placement. It is a study of production, consumption, and recreation in a technological society. I.A.E. will assist the student in making informed and meaningful occupational and educational choices. Industrial arts has two course offerings, Drafting I and Electronics I.

GUIDANCE AND LIBRARY

During the summer the library was expanded to include a reference room and a new audio-visual room. Several offices, as well as the magazine room, were enlarged. The library, which was almost doubled in size, can now seat five classes at one time. The many changes and improvements in the library have made it more convenient to use.

The guidance department assists students in many different ways. Mr. Massey, Mrs. Osborn, and Miss Pirtle help with scheduling classes, administering standardized tests, keeping students informed about available college scholarships, and providing career and college information. This year the department set up a tutorial service to help students who have academic problems.

Staff

The support staff does an excellent job of keeping things running smoothly and in good condition. The maintenance men work daily making the numerous large and small repairs that are needed. The business office helps keep the school financial records in order. The cafeteria staff works daily to supply students with lunches and to supervise the selling of food. The bookstore manager sells school supplies. The secretaries keep all of the offices operating efficiently.

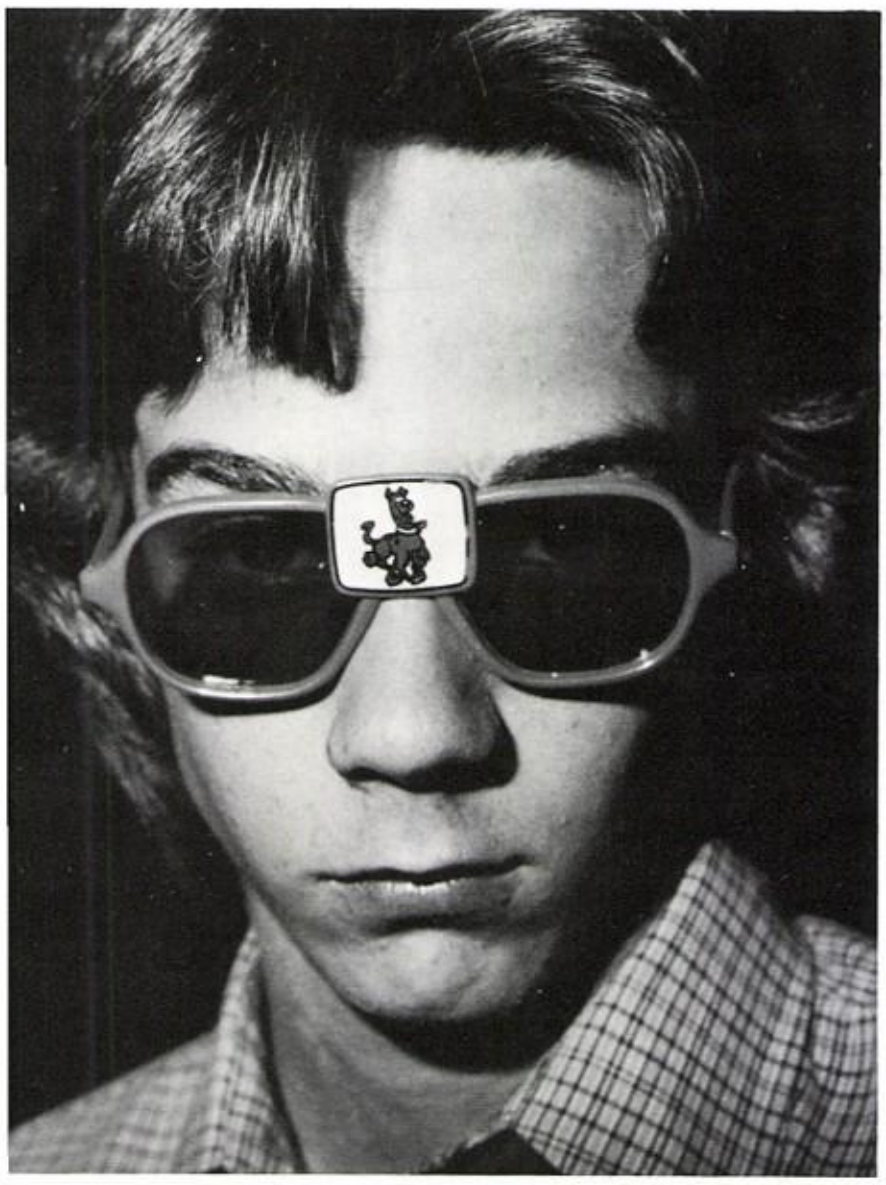
THIS IS OUR YEAR!



How have the years passed by so fast? I hardly can believe
That this at last is our year and we can finally leave.
Like a stranger I walk the halls, haunting the rooms I know.
I hear the echoes of laughter; I'm eager, yet sorry to go.
I carefully try to memorize every moment of every day,
But even as I pause to think, I feel it slip away.
My friends have drawn so dear to me. It's the beginning of the end.
It's sad to say that old cliche, "We won't pass this way again."
Our eyes are opened wider than they ever have before.
Our hands have served, our hearts have loved, we each have given more ....
Of our time and our devotion — of our lives to someone else.
We've finally found that unity and grown to know ourselves.
We will each step forward to open new doors,
And set our minds and spirits on the goals we're working toward.
Using the colors of yesterday made of love, self-discipline, and sorrow,
We will paint our pictures of a more beautiful tomorrow.
For every color in a rainbow was reflected through a tear,
And every goal that we achieve will be built on twelve long years.
Now, Time takes my hand and forward we must go,
But I pause to look behind me and that is when I know ...
How hard it is to say "hello" while trying to say "good-bye."
How strange it seems to smile and laugh while trying not to cry.
Yes, this is our year ... this is my year. I hardly can believe
I've looked for it so long, but now I don't want to leave.

Friends

What is a friend? A friend listens to problems and shares secrets at anytime, gives answers to homework problems, supplies money during times of emergency, and often helps when trouble arises. What would school be like without friends? "Friends make rotten days better by making you laugh," says Lee Hodnett, a junior. Friendships made in high school last a lifetime. Be glad that friends exist; life would certainly be dull without them!

Ordering Classy Rings

One highlight of this year was the ordering of class rings. There was more of a hassle this year than ever before. The basic price for a boy's gold ring was $115. A girl's ring was about $105. If anything extra was added to the ring, an additional charge was made. The gold surcharge was $25. Because of this price increase, Mr. Phillips gave the students an extra day to discuss the problem with parents. Many changed their ring orders from gold to ultrium or cut out all of the extras. Although efforts were made to keep down prices, rings were still an expensive investment!

How Time Flies!

One noticable change this year has been the time schedule. School starts at 8:20, five minutes later than last year, and gets out at 3:00 instead of 3:20. The funny part is that there are eight periods, two more than last year. Classes this year are only 45 minutes instead of 55 minutes. Reactions to this change vary. Many teachers say that they cannot finish their lessons in only 45 minutes. Others say that it cuts out the wasted time. Students, too, have different opinions. "It's hard to finish a long test in 45 minutes," says Emily Riales, a junior. Most juniors will agree that they do not get as bored in only 45 minutes; or do they?

Hard Heads Play Soccer

This year Harding's Booster Club supported a soccer team, made up mostly of juniors. Mr. Wayne Craig served as coach. The team's record was 5-8-1, and they placed third in their league. They played such rivals as CBHS and MUS plus other community club teams. "Soccer really is exciting. I hope next year we will have a lot of support." says Hal Walker, a member of the team. Other members include Charles Dismuke, David Gearhardt, Robby Betts, Bobby Simpson, Kent Carter, Won Yun, Kevin South, Trent Marcus, Cameron Posey, Brent Mars, Karl McLarty, Steve Durham, Don Deaton, and Doug Phillips.

Gas?

One of the biggest problems this year was finding an open gas station. If one were open, the next problem was finding the money to pay for the gas! These problems have caused many juniors to wonder if their cars are worth the trouble. Cars, they say, are the only way to get around in a city like Memphis. Carpooling has increased this year with everyone chipping in for gas. One junior said, "The price of gas is high, but I'm still going to drive." And so as the price for this expensive product goes up, juniors will dig deeper into their wallets!

Homecoming For The Sophs

Homecoming is a special time for everyone. Finally being in senior high means that sophomores are officially in the running for Homecoming competition. Spirit was displayed in many ways, but mostly in the pep rally. Screaming and pounding on the bleachers could be heard all around the school. The Sophomore class made a fantastic contribution to one fun filled week. They worked as a unit with each member doing his part to make the Class of '82 terrific!

Where It's At

The number of sophomore preps is somewhat small, but gradually this number is increasing. Those who do dress preppy are proud to wear the symbols of Polo, Izod, Bass and Aigner. This year khakis, button downs, corduroys, plaid wool skirts, socks, and monogrammed sweaters are favorites among Sophomore preps. These clothes, which will always be classics, show the sophomores' great taste in fashion.

Spring Fever

As spring approaches students are afflicted with a strange disease called "spring fever." Such symptoms may include staring out the window, daydreaming and becoming restless. For some students this spring fever may linger throughout the year. Generally spring fever can be cured by a long summer break.

Sophomores

Sophomores are quite a puzzle to people! They are a little like Bigfoot, UFO's and the Burmuda Triangle. They each leave traces of their existence behind. Bigfoot leaves a footprint, UFO's show strange blinking lights, and the Burmuda Triangle leaves bits of the planes and boats of its victims behind for searchers.

In many ways the sophomore has the traits of these creatures. He leaves behind tardy slips, overdue books, bubble gum and torn wrappers, combs which have fallen out of back pockets, and antique Levi's which date back to the seventh grade, which are suddenly not "sophisticated" enough for the "sophisticated" sophomore.

Major Changes Instigated

There have been many changes at Harding this year. One such change is the shortening of class periods to forty-five minutes. Another change is that students have an activity period that may be used for club meetings, study hall, or making up tests. Also, there are eight periods instead of six periods. Instead of using I.D.'s this year to attend school activities and athletic events, students must pay. The best change of all is that the day has been shortened by twenty-five minutes.

Recipe For Freshmen

1 bunch of handsome guys
1 bunch of cute girls
6 lbs of enthusiasm
5 cups of loyalty
4 lbs. of hard study
2 cups of boredom
1 peck of interest in others

Mix thoroughly the bunch of handsome guys and cute girls. Add the six pounds of enthusiasm and five cups of loyalty to the Lions. Beat in the four pounds of hard study and the two cups of boredom. Bake at a warm temperature for nine years. Let cool. Glaze with one peck of interest in others.
Yield: An average freshman class.

Flat Or Fluffy

The key word in hairstyles this year is "individuality." This year both the girls and the guys are trying the curly afro perm which does not require much attention. There is also the straight style which requires only blowdrying. Another of the hairstyles this year is the fluffy look that requires the use of blowdryers, curling irons, and hot rollers. Despite all the products to make hair attractive, there is always some hair that will not do a thing.

People, Places, and Homework

The techniques of doing homework are as varied as the personalities of the students. Some choose a comfortable spot with their books open and their eyes on the television. They do not dare study during Captain Kirk's adventurous hour, but choose the two minute commercials in which to cram. Others choose to lie on the floor between two enormous speakers with books closed and the stereo blaring. The lazy boy's way is lying on his bed with his books open and his eyes shut. Some choose to rush into the classroom to do their homework within the three minutes before the bell. A few actually choose to do their homework in an atmosphere of peace and quiet.

Your Time Is Coming, Freshmen

Life as a freshman has its share of ups and downs. On the up side, ninth graders have a feeling of superiority in that they are the oldest in junior high. Also, the younger grades look up to them and respect them. On the down side, ninth graders are not allowed to participate in senior high activities. But freshmen have many things to look forward to, such as participating in senior high Homecoming activities, pep rallies, A cappella, and varsity athletics. Just wait, freshmen. Your time is coming!

Study Hall

At 9:10 the bell rings and off go the eighth graders to study hall, which is a place for them to study or have free time to themselves. Many work hard and use this time wisely. Some people do study, but many do other things. Girls read romantic novels or beauty magazines. They also decide what outfit to wear to the football game or what color eye make-up looks best. Many football players look over plays and decide which ones they like best. Many eighth graders like study hall and hope it continues next year.

A Shot In The Arm

Ouch! Please don't give me the shot! These were just a few of the last desperate pleas for help. During this year Harding has made the news many times. One such incident includes some eighth grade students who had the measles. When officials discovered that some of the students had not had the shot, the health department came to the rescue. About half the student body had to have shots. During the shots many faces were made and many students would not watch. Some of the students said that their arms were sore and that the shot was painful; but of course, it was only a shot in the arm.

Double Trouble
Double Trouble

Have you ever thought about what it would be like to have a twin? There have been a number of books written and movies made about twins, but if you want to know what twins are really like, just ask one of the many sets of twins here at Harding. There are three sets of twins in the eighth grade. They are Michelle and Mike Carrier, Karen and Mark Mosher, and Dale and Darrell Sharp.

Eighth Graders On The Warpath

Stomping feet, clapping hands, and open mouths are the signs of junior high Homecoming week. The highlight of the week was, of course, Thursday, with the pep rally and the game. The junior high team roared to a victory. The eighth grade was ecstatic! By the time these students reach high school they will be tough competition for other grades in the spirit field.

Junk Food Junkies

It's third period on a Wednesday; 190 eighth graders are sitting on the edge of their seats, mouth's watering, feet planted firmly on the floor, ready to pounce. At exactly 11:50 a bell rings. Immediately the room bursts into life and the daily dash for the cafeteria begins. All morning these eighth graders have been dreaming of their favorite time of the day - LUNCH! Unfortunately these students do not usually eat salads and hot plate lunches. Most students normally choose to eat junk food. Lunch for the average eighth grader usually includes a hamburger, potato chips, cupcakes, and a large coke. If their parents only knew!

Metal Monsters

Since the seventh graders are inexperienced at handling metal monsters, "Help me open my locker!" is a common cry in the junior high hall. Even high school students have problems with lockers, but to seventh graders, lockers mean trouble with a capital T. Some people have the wrong locker number, others have the wrong locker combination, and still others have lockers that are just plain stuck. The worst thing that could happen to a seventh grader on the first day of school is finding that their locker just will not open. Once this trauma is over, seventh grade is a lot of fun.

Youngest

During the first weeks of school, seventh graders are often confused and terrified to find themselves dwarfed by high schoolers in the crush between classes. Often a small body with a look of anguish on its face can be seen pressed up against the lockers. However, as the seventh graders get to know each other, conversation becomes impossible in the hall over the roar of slamming lockers, screaming voices, and footsteps running down the hall. Some seventh graders loiter in the halls, creating a great disturbance and making a travel route virtually impossible. Other seventh graders try to escape the crunch by racing down the halls at breakneck speed. Elbowing, pushing, shoving, and jostling become commonplace as they learn the ropes.

Changing Classes

One of the hardest, most frustrating, yet different things about seventh grade is changing classes. During the first few weeks of school, it is most common for a seventh grader to be seated in his desk for eighth period two minutes after the seventh period dismissal bell rings because of the dreaded fear of being late. Even so, there are still some who insist on speaking to every person who walks by him and are late for class. These people are the ones who find it hard to change classes.

Vocabulary Mondays

As much a tradition at Harding as chapel, vocabulary Mondays get the week started. Seventh graders have recently been introduced to this tradition. As soon as the bell rings for class to begin on Monday, the teacher says, "Clear the desks and I will hand out the test," or "Get out some paper and number from one to ten." Some people faithfully take their vocabulary books home on Friday and come to school on Monday well-prepared. Most people, however, forget to take their books home on Friday and rush into English class on Monday hoping to study at the last moment. Either way, the object is to pass the test.

The Wonderful World Of P.E.

A wonderful forty-five minutes each day is spent in P.E. One of the most exciting parts is getting to dress out. Next come the exercises. Then comes an exciting game of warball. Here a person has the opportunity to get out of his next period class by letting the ball hit him in the face. It's a little painful, but it works every time. Upon finishing the period, he has about five minutes to run for the showers, get out, dry off, stick his clothes on, and run for his next period class. As in all things, P.E. has its advantages. It is certainly a change from recess.

Reports, Reports, And More Reports

Seventh graders will all agree that one of the worst things that they have to do is writing reports for geography class. In the fall, seventh graders write a report about a foreign country and in the spring they write one about an American state. Along with the written report, the student must also draw a poster of the country or state showing the capital, the major rivers, and any other major geographical feature. No seventh grader is exempt from this assignment. One good thing about this, however, is that the classes spend a lot of time in the library. Because of this, the students get a much welcomed break from listening to Mr. Hall or Coach Pritchard.

Goals

When the student body first came together in August, most wondered what the future would bring. Each student had specific goals and aspirations. The individual was required to look at himself more realistically and to assess his own strengths and weaknesses. With a lot of hard work and a little patience, these expectations often became realities.

Competition

Competition was a key factor in academics and sports. Those who chose to meet their challenges gained a different perspective. Perhaps success was felt as a goal was attained, or perhaps insight if it were not. Inflated college tuition costs placed increasing pressures upon students to achieve academically. In sports, Harding made a clean sweep. What is remembered? Of course, the numerous trophies and awards take their place but more than these is a feeling of pride and school spirit which accompany them.

Results

Throughout the period spent at Harding, students have grown and developed in many areas. Their goals, objectives, and dreams were enlarged. Through cooperation in work and play, students molded a year created from what they themselves had given.

Harding University – A Whole New World

Going to college is like going to a new world. Harding is now officially Harding University and we want it to be your home away from home. The college years are for branching out developing your talents and making decisions. It's an important time in one's life when crucial events that affect a lifetime come into focus.

At Harding there are people who care about helping young people develop and mature. There are qualified faculty members, 175 of them, who are interested in seeing one excel not only in the classroom but in every area of his existence. There are new friends—2,879 of them this year from 47 states and 22 foreign countries. There are challenges for all fields of interest, with more than 60 majors from which to choose. There is opportunity to develop one's best today in order to give the best in the world of tomorrow. Come join us.

This is Pt II. I'm telling you we've had some wild times in study hall remember those little notes written? Not necessarily the best of English but we got our points across. I think I am your official problem solver. I think I'm going to start charging for my services. Well if you have any troubles this summer just call me (362-3002) after 4:30 p.m. - I'll be glad to help!
Love ya,
Brad

P.S. Keep notes on what happens this summer + tell me next year

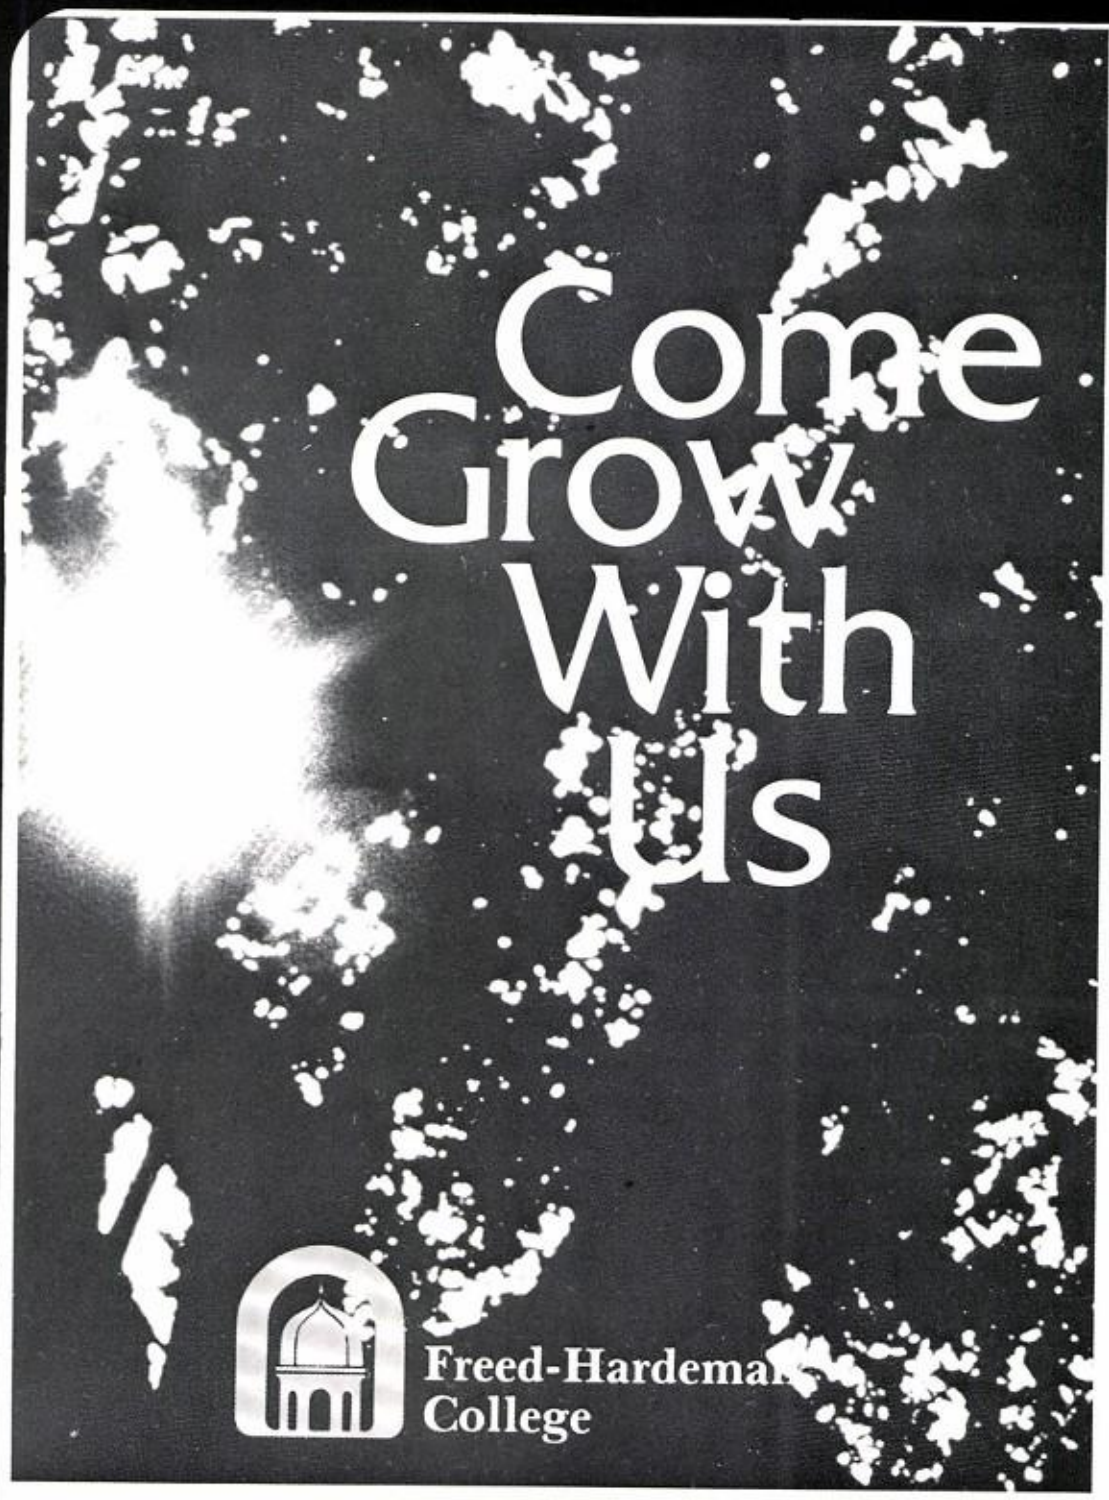
a coke and a smile...



Freed-Hardeman College Is A Growing Place

We've been around for over a century and we're still growing. Our roots keep getting stronger and our branches keep reaching out. In this decade, we've added ten major buildings and doubled our acreage. Our enrollment has grown too. In 1970, we had 744 students; projected enrollment for 1980 is 1500.

More importantly, our students are growing in their own individual ways. Oh, not in pounds and inches (although some are doing that too!) but in ways far more valuable. Their minds are stretching and their spirits are blossoming.

Lipscomb

Where students combine...

the **best** of two worlds.

David Lipscomb College is a complete educational experience. More than 60 majors in 17 departments give Lipscomb a strong academic emphasis. But the foundation at Lipscomb is the Bible. Each student participates in a worship service and Bible class daily, creating a strong Christian environment.

Lipscomb students do more than study. There are social clubs, intramural sports and other campus activities. Lipscomb athletic teams ranked seventh in all-sports competition among NAIA colleges in 1979. David Lipscomb College is devoted to developing the complete individual.

For full information, **contact Steve Flatt,** Director of Admissions, by calling one of these toll-free numbers: in Nashville, 385-3855; in Tennessee, outside Nashville, 1-800-342-2300; in the continental United States, 1-800-251-2054.

JUDY,
It's been G-R-E-A-T having you for a friend for all of these years, but we have just gotten close the last couple of months. I really appreciate your friendship and kindness. I hope you get everything you want in life because you sure deserve the best. Let's all pray + HOPE we get "TO KNOW" the Rogues. Well, John is playing tomorrow I super excited. So lets go tomorrow and have a good ole time. Thanks for the memories,
Stacey

HOPE YOU HAD A HAPPY BIRTHDAY"

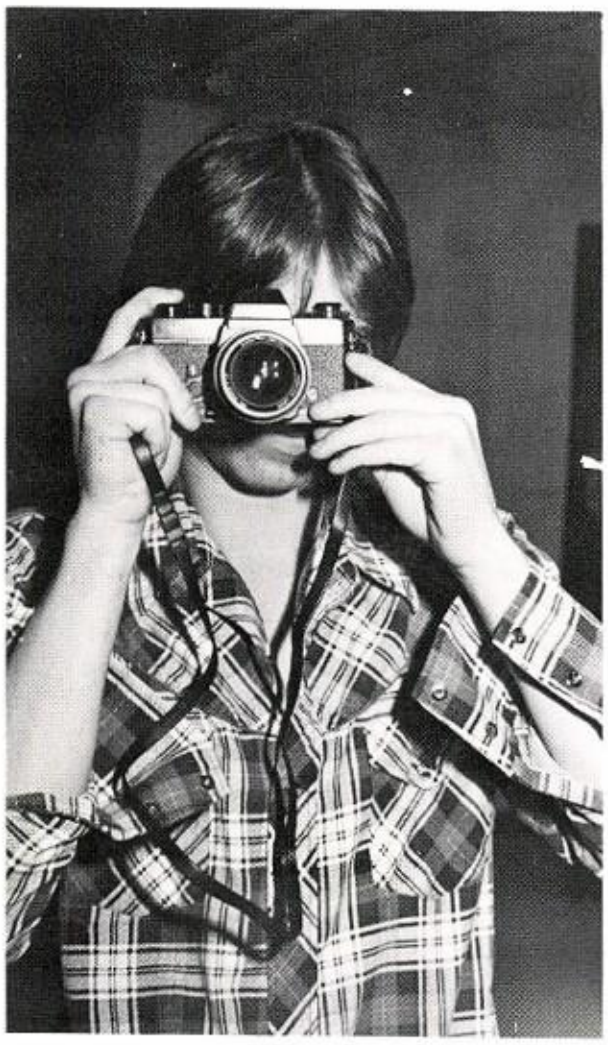
Finally

Another season of learning has passed, and with it a year of living, growing, and working together. The '79-'80 school year has passed quickly by, too quickly perhaps to fully comprehend. Preparing the pictorial history of the year at Harding has been a difficult task, yet one that has allowed me to see the school from many different angles.

A special thanks is due to the following: Dean Bawcom of American Yearbook Company for his professional guidance; to Jay Shappley and Bob Davis of Holland Studio for their professional work; to Mrs. Donaldson for her advice and endless hours of help; to the photographers, teachers, and administrators who were so patient and cooperative; to my family and friends who sympathetically offered kind words of encouragement; and to the staff members for their hard work and dedication. To Harding Academy, the ***Shield*** staff leaves a year's worth of memories, and a thank you for the opportunity to have captured them.

Linda Dorsey,
Editor, 1980 ***Shield***



Dear Judith,

How are you doing right now? You sure have those people at your school fooled. They all think you're sweet and nice! What a laugh! (Ha Ha) I guess it's because they don't know you as well as I do. Just joking with ya' sis! Seriously now, it's really been a lot better for me since you came back from Fla.

You're the best friend I ever had & ever will have! I'll tell you what Mr. Mark's surprise is. I think we already know what is though. I guess I'll have fun with Mark at the mod. Yes a sweetie! Well, good luck (or should I say "happy hunting") with C.D. and his friend. See you Saturday when we go to the Rogues game (5/17/80)

Gotta Go!

Love Ya-

"TIGGER"

Judy,

I'm glad we got to know each other better this year. We sure had fun in Biloxi. Hope we have another class together next year. I've got a good feeling about it. Well, I'd better keep on typing so I can get this letter in the envelope. Good luck with the group (certain ones especially) & the eventful people you'll be meeting. Thanks for listening when I needed someone.

Love ya,

Cindy

Judy.

I'm so glad I got to met you this year and be your friend! I hope we become even better friends next year! You're as sweet as can be and I hope you stay that way always. Maybe I'll see ya this summer since we live so close to each other! Come up to the Ymca and see me! O.K.? I hope you have a GREAT Summer!! and I hope we have some classes together next year!

Love ya,
Laurie
